As one of our top preferred suppliers, KD Pratt continuously provide us with value added service that exceeds our expectations. The employees of KD Pratt become extremely familiar with the products they represent and use this expertise to provide solutions to their customers needs. I would not hesitate to recommend KD Pratt for the supply and service of sanitation products for any project in any organization.

LORI HOLLETT

Chief Buyer, North Atlantic

A successful operation relies on the products and services provided by a supplier. In my experience, I have found that K&D Pratt goes out of their way to ensure that their service is as good as their products. This places them at the top of the list of suppliers who pay attention to the products they sell and the service they provide. I can honestly say that they are a pleasure to work with.
