

# TECHNICAL SERVICES

## OVERVIEW

K&D Pratt prides itself on its understanding of technology. We have the know how to understand where products fit and where they do not - from a technical and a business plan stand point. From upgrading to new systems to augmenting existing systems we provide the expertise for a complete, full service solution.

## INDUSTRY EXPERIENCE

K&D Pratt has been serving Atlantic Canadian industry for over 85 years with products, solutions and technical expertise to customers in the contracting, fire, marine, government, manufacturing, mining, telecommunication, transportation, utility and oil & gas sectors. Our experienced employees are trained and certified to applicable industry and supplier standards for a variety of environments.

## QUALITY ASSURANCE

K&D Pratt considers health, safety, environmental protection and quality (HSEQ) to be integral parts of its business management. On March 9, 2015, K&D Pratt reached 2000 days of no lost time due to our company wide commitment to our safety culture. K&D Pratt is registered to ISO 9001:2008.

## K&D Pratt Safety Awards Program

Reward your employees for strong safety records and good work ethic. With K&D Pratt Employee Rewards, your employees can collect points and redeem them for purchases in our rewards portal.

## K&D Pratt Technical Services Group Certifications include:

- Det Norske Veritas (DNV)
- Lloyds Register
- BST Certified Technicians
- Transport Canada
- Office of the Fire Commissioner
- National Fire Protection Association
- National Association of Fire Equipment Distributors
- Canadian Fire Alarm Association

### FIRE DETECTION AND LIFE SAFETY SYSTEM

- Conventional Fire Alarm Systems
- Addressable Fire Alarm Systems
- Emergency Communication/ Evacuation Systems
- Marine Fire and Safety Systems
- Fire Suppression Control Panels
- Microprocessor-Based and Network Fire Systems
- Security Systems
- Monitoring Systems
- Emergency Call Systems
- Emergency and Exit Lighting
- Self-Contained Breathing Systems
- Fixed and Portable Gas Monitoring Systems
- High Temperature Detection Systems
- Leak (Water) Detection Systems
- Mass Notification Systems
- Aspirating Fire Detection Systems

### FIRE SUPPRESSION SYSTEMS

- Inergen Systems
- Sapphire Systems
- Foam Systems
- Water Mist Systems
- Restaurant Wet Chemical Systems
- Carbon Dioxide Systems
- Industrial Dry Chemical Systems
- Galley Wet Chemical Systems
- Standpipe and Hose Systems
- Vehicle and Mobile Equipment Systems
- Fire Monitor Systems
- Sprinkler Systems
- Halon Systems
- FM200
- Paint Booth Fire Systems
- Marine Fire Suppression Systems

### INSPECTION, MAINTENANCE AND SERVICE CAPABILITIES

- Marine and Offshore Evacuation Systems
- Liferafts
- Fixed and Mobile Suppression Systems
- Marine Fire Suppression Systems
- Immersion suits
- Lifejackets
- PPE products
- Portable and Wheeled Extinguishers
- Foam and Fire Monitor Systems
- Air Quality Analysis Testing
- Portable Gas Monitors
- Foam Quality Analysis
- Hydrant and Standpipe Systems
- Hydrostatic Testing Facility
- Self Contained Breathing Apparatus
- SCBA and Cylinder Testing and Repair
- Fire Fighting Nozzle-Wye and Hardware Repair
- Emergency and Exit Lighting
- Hose Testing and Hose Coupling
- Breathing Air Compressors
- Emergency Planning, Exit Plan
- Testing and Commissioning
- Fire Detection and Alarm Systems
- Portable Fire Pumps
- Design Packages for Fire and Safety Systems
- Sprinkler Systems
- Gauge Calibration
- Coflexip Flexible Pipe Test Facility
- Bore Scope Pipe Testing
- Life Saving Devices/Appliances
- Dontus
- PLBs
