DIRECTORS

Capt. Vishwanath Mayekar - Managing Director

Master Mariner with over 20 years experience in the maritime industry on crude oil and product tankers of which 15 years were spent at sea.

He has served with major foreign tanker owners and operators, thus gaining experience on Product Tankers & VLCCs. He has obtained experience ashore in ISM, ISPS, Navigation Audits and preparation of vessel for SIRE and CDI inspections. He is also an experienced on board trainer for ship's staff.

Capt. Mandar Sherlekar - Director

Master Mariner with over 15 years experience in the maritime industry on oil & gas tankers of which 11 years were spent at sea. He has served with major Indian tanker Operator, thus gaining experience on Product & Gas tankers. His specialisation on Gas carrier experience is enviable, having carried almost all LPG cargoes with core expertise in LPG grade change operations. He has also obtained experience ashore in incident/accident investigation, damage assessment, ship inspections, loss prevention and conducted several jobs for flag states and ship owners alike. Mandar has also assisted a ship owner in comprehensive handling a grounding incident off the West Coast of India.

Capt. Swapneel Khule - Director

Master Mariner with over 22 years experience in the maritime industry of which 14 years were spent at sea. During his Sea tenure, he served on crude oil and product tankers, having held command on the former for over four years.

While ashore, Swapneel was engaged as a marine superintendent with Thome Ship Management and DPA/CSO in Hanseatic Ship Management. During this period he was heavily involved in handling shipping casualties such as cargo contamination, grounding, collisions, allisions and charter party related disputes on behalf of the ship owners.

Previously he has been engaged on shore based assignments for Exxon Mobil as vessel screening coordinator, based out of their Singapore and UK offices. Swapneel is well networked within the Indian maritime community.
