Vekmarine supplies:

*Turbocharger spare parts

*4-Stroke Engine Spare parts

*2-Stroke Engine Spare parts

Vekmarine Industrial is a leading manufacturer and technical stockist of marine engine and turbocharger spare parts in China. We enjoy high reputation among ship management companies, ship owners, and ship repair workshops. Our prominent reputation has been achieved by our reliable quality, speedy response and readily-available inventory.

We deeply know the meaning of URGENCY and RELIABILITY in marine industry. To ensure prompt delivery of our high quality parts, we are dedicated to the fabrication and technical stock of 4-stroke engine(MAN B&W, DAIHATSU, YANMAR) parts and turbocharger (MAN, ABB, IHI, MET) parts. Our warehouse, covering an area of 5800 square meters, is located in Pudong New District, Shanghai. We are able to prepare almost all regular parts within three working days.

Besides, we hold very close ties with manufacturers and stockists of main engine(MAN B&W, SULZER) spare parts in China. We are in position to supply with high quality at most competitive pricing.

Turbocharger Spare Parts

Large stock of finished or semi-finished spares is available based on initial technical data to ensure correct and timely delivery.

We are especially professional in the following models:

Models:

ABB: all VTR & VTC models; TPL65/69/73/77/80/85 ;
