# IMO & MED Mattresses.

## **Good sleep, happy guests**

The most important service in a hotel room or cruise cabin is the guest bed!

## **A good, comfortable and body supporting bed!**

The majority of your guests agree : According to the latest 2016 guest survey at booking.com , 82% of all international travellers share the same opinion and consider the quality of the bed as the most important item in the room.

We produce and market a complete range of high quality mattresses, boxsprings and bedding products for the international hospitality industry.

Specially made and fully prepared for the daily wear and tear in the high demanding hotel and cruise environment, our sleeping products deliver perfect performance and offer high comfort to all of your guests.

Flame retardant, IMO & MED certified, durable and fully up to the job, every day and in every room. Our products are durably produced with 100% solar energy, under the most strict conditions of waste management and completely prepared for a second life or effective recycling.

# Product specifications.
