IMO mattress protectors

WWW.INNOVABED.COM

IMO Mattress Protectors.

Clean bed, happy guests

Almost 75% of all mattresses do not reach their full life cycle and are replaced earlier because of soiling, stains, poor hygiene, fungus and bed bugs ! This waste of money, resources and the environment is surely recognized by each professional in the international hospitality industry.

With just a small investment, the hygiene of guests and the return on investment can be optimised and our precious environment will be less harmed.

We offer a great collection of unique FR mattress protectors for daily professional use in the international hospitality industry.

Stretchable, waterproof, breathable, moist absorbing, hypo-allergenic, high frequent washable and flame retardant in natural or synthetic fabrics which feel soft and clean to the touch. Our mattress and pillow protectors guarantee each of your guests an hygienic, safe and comfortable night sleep.

Product specifications.

Bronze series
