

# BWSC

## RAPID SHIP SERVICE

*With a conveniently located, fully equipped workshop and a strong organization of craftsmen, specialists and engineers, BWSC Panama S.A. is capable of rapidly mobilizing for clients in the Panama Canal.*

Our highly experienced and trained staff is available around the clock, offering assistance when needed. As an institution of the Panama Canal, BWSC Panama S.A. provides services to all sizes and types of vessels from Panamax to tugs and beyond. Emergency services can constitute staff provisions to boost a vessel's regular crew, or rapid pick-up of engine or auxiliary system components for service in BWSC Panama S.A.'s expansive, on-shore workshop facilities. Emergency services may be based on time and material service rates, or on lump sum turnkey contracts — the choice rests solely with the client's preferences.
