

INTERIOR TURNKEY SOLUTIONS

MARINE AND COMMERCIAL REUPHOLSTERY EXPERTS

Our staff has over 20 years of experience handling large scale projects closely related with the Cruise Ship and Hospitality Industries.

We utilize directly employed specialist for every project as we are committed in supplying consistent leadership, knowledge and experience to guarantee the highest standards of service.

Our Flexibility, Shop Mobility and High Quality Craftsmanship are paramount to our success and differentiates us from other players in the market.

We go where you need us, no matter where the cruise ship or work site is located, in dry dock, sailing or even for a short maintenance stop, we move our shop, tools, materials and staff to facilitate a professional overhaul of the defined scope of work within the agreed schedule and budget.

Project ManagementOur Process

Disassembly of Furniture

Stripping Furniture Reupholster

Finish, Touchup and Quality Control

We support our customers from the initial survey of the furniture, design process, procurement of materials, logistics and delivery to the work site, installation and quality inspection process.

Because Xaler Systems understands the exceptional nature of the shipboard environment and the marine industry you have the benefit of a truly experienced partner working with you. We provide the expertise and leading-edge experience you need as a US and international mobile workforce. Xaler Systems is there for collaboration on new-builds, dry docks, "live installations", refurbishments and remote locations. We service all major cruise lines, ports and shipyards. We look forward to serving you.
