

FUJI MARINE LOGISTICS SHUNYANG(SHANGHAI) CO., LTD

One-Stop Chinese Ship Supply Service Provider

Since from the establishment in January of 2019, FMLS has been focusing attention on improving the service quality, optimizing the cost structure and extending the business scope.

We are professional ship Chandler who is qualified and capable for supplying all general technical, provision and bonded stores needed for ocean-going, dry-docking and new-build vessels. Averagely, we are able to deliver the requested conventional stores to vessel around 3 days after getting firm order.

We are now one of the most popular marine stores suppliers in China with good prestige and reputation.

Quality & Service Assurance

Equipped with ISO9001 AND ISO14001, FMLS strives to provide all customers with the confidence and quality assurance in our service offerings.

We always follow the latest international trading policy, investigate the updated maritime regulations and adjust the company strategy accordingly.

We advocate environmental protection and use recyclable packing materials.

Experienced & Knowledge rich Team

Management team of FMLS has over 20 years experiences of ship supply in China, which enable us to bring the cost-effectiveness and needful advice from sourcing to supply for all customers.

FMLS implements reasonable award policy, complete training mechanism, and dynamic working condition, which contribute to stable working team and loyal staffs.

Perfect infrastructural facilities and Multi-station operation

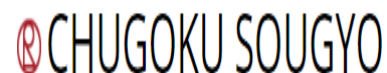

FMLS with warehouses and offices located at strategic locations around popular ports and shipyards in China. Four service operation stations in Shanghai(headquarter), Guangzhou, Tianjin and Qingdao are able to full fill various requirements of customers and furnish the clients with perfect solution for all . The branch in Zhoushan is being set up. By the above, FMLS is capable to address to the needs and demands of customers with high efficiency in short notice.
