

DiveServ International Focus On Africa

Find out how we can assist with underwater services for your vessels engaged in trading in Africa.

At DiveServ, we understand the unique challenges faced by vessels operating in African waters. With a diverse and extensive portfolio of successful underwater services throughout Africa, we have a comprehensive understanding of the region's regulatory requirements and logistical complexities. Our utilization of contractors enables us to operate in all major ports across Africa.

Within this brochure, we take pride in showcasing key ports throughout Africa where DiveServ can provide assistance and expertise. We are fully prepared to support your underwater needs by offering solutions that meet the unique requirements of each port.
