

## ASBESTOS FREE DECLARATION

This document serves as a Declaration and Confirmation that Seven Seas Group is compliant with **Solas II-1** (*Construction - Structure, subdivision and stability, machinery and electrical installations*), **Regulations 3-5** (*New installation of materials containing asbestos*) requirements and that all products containing Asbestos are removed from Seven Seas supply chain.

The asbestos guidelines are incorporated in the group Quality Manual in which all Seven Seas entities operate under. The Quality Manual outlines the group compliance against the Quality Management System (QMS) based on the ISO 9001 standard; Environmental Management System (QMS) based on ISO 14001; and Occupational Health & Safety Management System based on ISO 45001 which form part of the Integrated Management Systems (IMS).
