SIMSEKLER

A NEW VISION IN SHIP SUPPLY

I would like to Re-Introduce Simsekler General Ship Chandlers to our present clients and of course potential clients..
In order to provide our clients the best quality service, we continue to develop our 42 years of experience in Ship Chandling and Ship Repair with new breakthroughs.

In October 2018 Simsekler invested in a new facility at Izmir Free Zone, 4000m² warehouse, 2000m² 40C&500sqm +5C Refrigerated Storage areas.

In this new facility there are also offices designed for all our operational staff in order to serve our clients more quickly and efficiently 365 days of the year, 24 hours a day, 7 days a week.

As well as improving our working conditions, we also proceed to make improvements to our employees. We are in continuous collaboration with certification companies to follow International Quality Standards.

We take part in the boards of National/International non-governmental organisations that we are members of and we are continuing to work very hard for the development of the shipping sector in Turkey.

We look forward to serving you 'The New Vision in Ship Supply'....

Yours respectfully

Adem Simsek
President
