

AED Debitech Lifeline

Seafarma offers the AED Defibtech Lifeline.

This original Defibtech AED includes all mission critical features necessary to provide the most advanced treatment for Sudden Cardiac Arrest. It is so simple and unintimidating to use that even non-medical personnel can effectively save lives.

With more than 375,000 units in the field, Defibtech has drawn accolades for its commitment to save lives by producing the best AEDs medical technology can offer. Defibtech is an industry leader with sound technology and sound finances that constantly drive research and innovation to the next level of excellence.

The Lifeline AED uses biphasic technology, a clinically proven waveform and algorithm to deliver shocks and save lives. This is one of the most widely used impedance compensated waveforms which has extensive clinical experience and success in thousands of defibrillators around the world. Evaluation in hundreds of publications has demonstrated this technology to be the safest and most effective when it comes to saving lives.

Technical Specifications:

| | |
|--------------|---|
| Type | Semi-automatic external defibrillator |
| Model | DDU-100A, DDU-100E |
| Energy | Adult: 150 Joules Child: 50 Joules |
| Power | 15V, 2800 mAh |
| Standby Life | 5 years |
| Capacity | 300 shocks or 16 hours continuous operation |
| Size | 8.5 x 11.8 x 2.7 Inches or 22 x 30 x 7 cm |
| Weight | Less than 4.2 lbs (1.9 kg) |
