About Granzow

Since 1935, Granzow A/S has provided solutions for the Danish industry and is one of Denmark's leading suppliers of equipment, generators, system solutions, compressed air, vacuum, pumps, and automation products and services thereof.

With over 85 years of know-how, we are your ideal business partner when it comes to tailor-made planning for installation, testing, and subsequent service.

It started all the way back in 1935 when Ernst Granzow established Københavns Trykluft Selskab (KTS). Today, the company goes by the name Granzow and is part of a particularly well-consolidated and listed group, Indutrade AB.

Ownership:

Granzow A/S is a 100% owned subsidiary company by the Swedish group / conglomerate Indutrade AB – www.indutrade.com.

- Indutrade has more than 200 subsidiaries/companies.
- Decentralized Local sales organization with high technical know-how.
- More than 9.000 employees are divided across 31 countries into 4 continents.
- Turnover of 27 billion SEK in the year 2022.
- Listed on Nasdaq OMX Stockholm.

"Our installation of compressors, which are serviced by Granzow, have always been associated with a high level of stability and low maintenance costs..."

- Machinist Thomas Knudsen, Carlsberg

Our products & services

Our approach is founded on superior skills, quality and innovative solutions that ensure elevated operational reliability and good value for money for our customers. Our compressors are of the highest quality because we only deal in products that comply with the highest quality requirements in the industry. This is your guarantee of low costs throughout the service life of the compressor.

We mean it when we say that our compressor service is top of the line. Our service department works 24/7 – all year round – and our staff are experts in compressors. Moreover, our service agreements make it simple for you to calculate your service expenditure up to ten years into the future.

- We've got Denmark's most complete program of screw-, piston & rotary vane compressors; oil-injected and oil-free; refrigeration dryers & adsorption dryers.
- Compressors & PLC controls that fit any need imaginable.
- We always aim towards having a large stock available to our customers and provide them with swift delivery.
- 24/7 service all year round. We're always on standby to meet your needs.

Our expertise is broad:

- Pneumatics
- Automatic
- Generators
- Compressors
- Vacuum pumps
- Customized solutions
- Service & leak detection

Vision & **Mission**

Vision

Our vision is to be among the leading vendors within the compressor-, automation-, vacuum- and pump technology, and to be known for our high level of competence, quality, and value-added solutions - providing our customers with high reliability and good economy.

Mission

Our business mission is to contribute to profitable growth for customers, suppliers, and partners by offering effective solutions of high quality so that it creates value for stakeholders.

Certificates and approvals

We are ISO 9001 and 14001 certified!

As documentation of our ability to meet customers, business partners, the authorities' and legal requirements, we are ISO certified. Which means that in Granzow we have implemented a quality management system that meets both ISO 9001 and 14001 and gives our customers a guarantee that the products and services we deliver are of high quality.

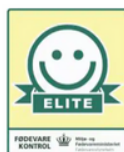

We focus on sustainable electricity

Our electricity comes from renewable energy sources, such as wind turbines that are more than two years old.

The RECS certificate is our documentation of the choice of renewable energy.

Authorized dealer – We have AAA credit rating

Granzow A/S is proud to be a company that has been awarded the highest credit rating. For us, it is a clear signal to the environment and at the same time your documentation that we are a particularly responsible and solid business partner. The high rating gives our customers and suppliers assurance that we are a reliable company with a strong financial foundation to build on in the future.

We support sustainable development – THE 17 GOALS

As a responsible provider with more than 85 years worth of experience, we're currently joined by some of the world's leading producers of industrial solutions in order to meet some of the UN's 17 world goals.

We have a vision of an industry that to a higher degree depends on sustainable solutions, through which we can ensure a better future for the world and everyone living in it.
