V.H.S.-VIVAR HEATER SERVICES B.V.
Heat Exchangers – Coolers – Pre-Heaters

V.H.S - VIVAR HEATER SERVICES

With a history of over 70 years in supplying Spare Parts Visser v/h I. van Raalte has set up a subsidiary company **Vivar Heater Services**, or V.H.S, for short. V.H.S is the strategic partner for Spare Parts, New Units, Reconditioning , Direct Service and Maintenance on Board for almost any Plate Heat Exchanger / Cooler / Fresh Water Generator / Pre Heater.

Dedicated to work, fast service , skilled employees and constantly striving to improve quality. This is the core of Vivar Heater Services. Specialists in the field of Spare Parts, repair and maintenance of almost any type or brand Heat Exchanger / Cooler / Fresh Water Generator.

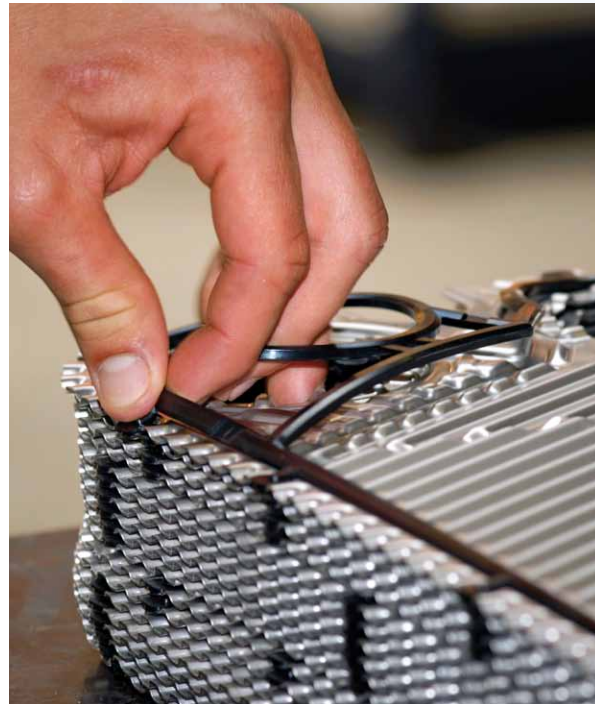

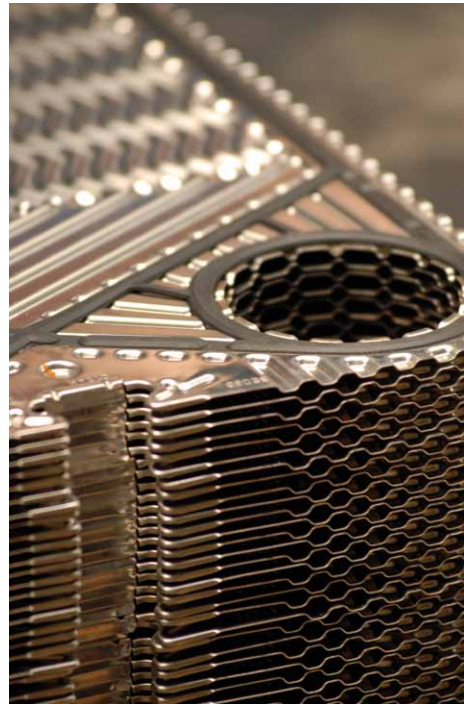

SPARE PARTS

V.H.S can provide almost any Plate or Gasket for any brand Plate Heat Exchanger / Cooler / Fresh Water Generator. V.H.S offers high quality Parts all European manufactured directly available from stock. And can provide worldwide shipping to any destination that customers require.

PLATES AND GASKETS AVAILABLE FOR:

- Alfa Laval (NIREX)
- APV (SPX)
- Sondex
- GEA (KELVION)
- Westfalia
- Tranter
- SWEP
- Funke
- Cetetherm
- WTT
- Schmidt Bretten

SERVICE

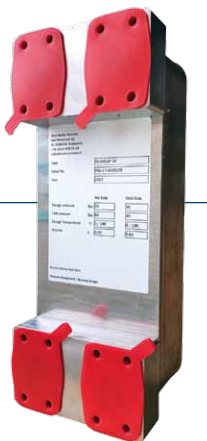

MAINTENANCE RECONDITIONING

V.H.S does not only provide the Spare Parts but can also provide Service – Maintenance – Reconditioning of current equipment on board. V.H.S goal is to supply the full scope within Heat Exchange. V.H.S has trained marine engineers that can fulfil all technical activities in V.H.S own specialized workshop.

RECONDITIONING OF THE PLATE PACK:

- Chemical Cleaning
- Removing old gaskets
- Plate Crack Tests and plate repairs
- Replacement / Glue-ing of new gaskets

Customers will receive a fully reconditioned Plate Pack that functions as good as new for the next years to come.

EXPERTISE IN SEPARATOR “SAE” PRE-HEATERS

V.H.S has exclusively developed their own brand Pre-heaters. The TS-VHS models are an excellent equivalent Pre-Heater for replacement of any SWEP–Alfa Laval (CBM) – GEA / Westfalia in “Screw” or “SAE Flange connections”. TS-VHS pre-heaters are specially produced for V.H.S only and not available elsewhere. Pre- heaters are a Top Quality product against a sharp price and are 1 on 1 exchangeable for all current units on board. All TS-VHS Heaters are directly available from stock and can be shipped worldwide only a few hours after receiving the order.

V.H.S – Separator “SAE” Pre-heaters are exchangeable for these models brands and models:

- SWEP B10 – B25 – B35 models (SCREW – SAE FLANGE CONNECTIONS)
- Alfa Laval CBM 26-20 – CBM 26-40 – CBM 26-60 – CBM 26-80 – CBM 26-100 CBM 76-20 – CBM 76-40 – CBM 76-60 – CBM 76-80 – CBM 76-100 (CBM units)
- GEA – Westfalia OC4 – OC5 – GBS 100 – GBS 400 – GBS 500
- APV OHC 15 – OHC 35- OHC 60

“OUR ADDED VALUE IS THAT WE KNOW
HOW TO ASSESS PROBLEMS PROPERLY”
