

**2021**

## **ENVIRONMENTAL POLICY**

Our, direct and indirect, negative impact on the environment should be minimal. It is our current generations responsibility to ensure that future generations will inherit a planet that offers humanity the same, or better, opportunities than it does today. It is a challenge that affects us all and our goals can only be fulfilled if everyone faces it with innovation, teamwork and resolve.

DFS pledges to do its part when it comes to securing a better tomorrow.

Petra Hansson, CEO

### **OUR PROMISE**

**Abide by current regulation and legislation**

**Minimize excess**

**Implement an environmental impact perspective in decisions and discussions**

**Encourage subcontractors to minimize their environmental impact**

**Always strive for constant improvement**

One big step we took in 2021 was creating our own environmental initiative, GREEN LINK!

We strive to make fundamental changes and improvements regarding sustainability within the industry of ship supply.
