

**POWERFUL SOLUTIONS**

More than 20 years we are a system in marine and power generation business. Our past can be described with many modifiers. This summarized we kept the business exciting including ups and downs.

### Revenue and CGT

The global economy also influences our business. But we are well prepared with our future strategy and as a SME we are well experienced in the necessity of flexible adjustments.

# PRODUCT RANGE

## Modules Onshore/Offshore

- Maritime Business

- Engine Maker

## Containerized Power Systems Onshore/Offshore

- Direct

  - IPP

  - Electricity Supplier

- Indirect

  - Engine Maker

## Ballast Water System

- Shipping Companies

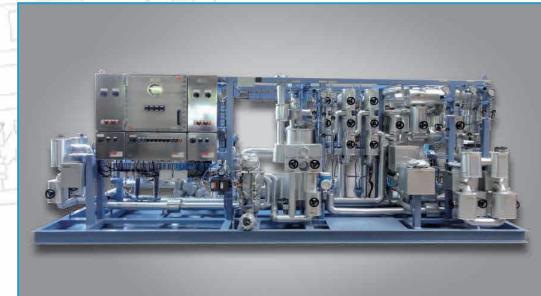

- Shipyards

## After Sales & Service/Refitting on Board

- Maritime Business

- Engine Maker

- Power Plants

# COMPANY DEVELOPMENT NEVER STOPS

From fuel oil module to all systems around the engines

From marine business to general solutions for power generation

From initial equipment to conversion

From fossil fuel to biofuel (power plants)

From system components to plug and play power solutions

From onshore to offshore systems

From module solutions to container systems

From market demands to customer consulting

From today into the future well planned and sustainable

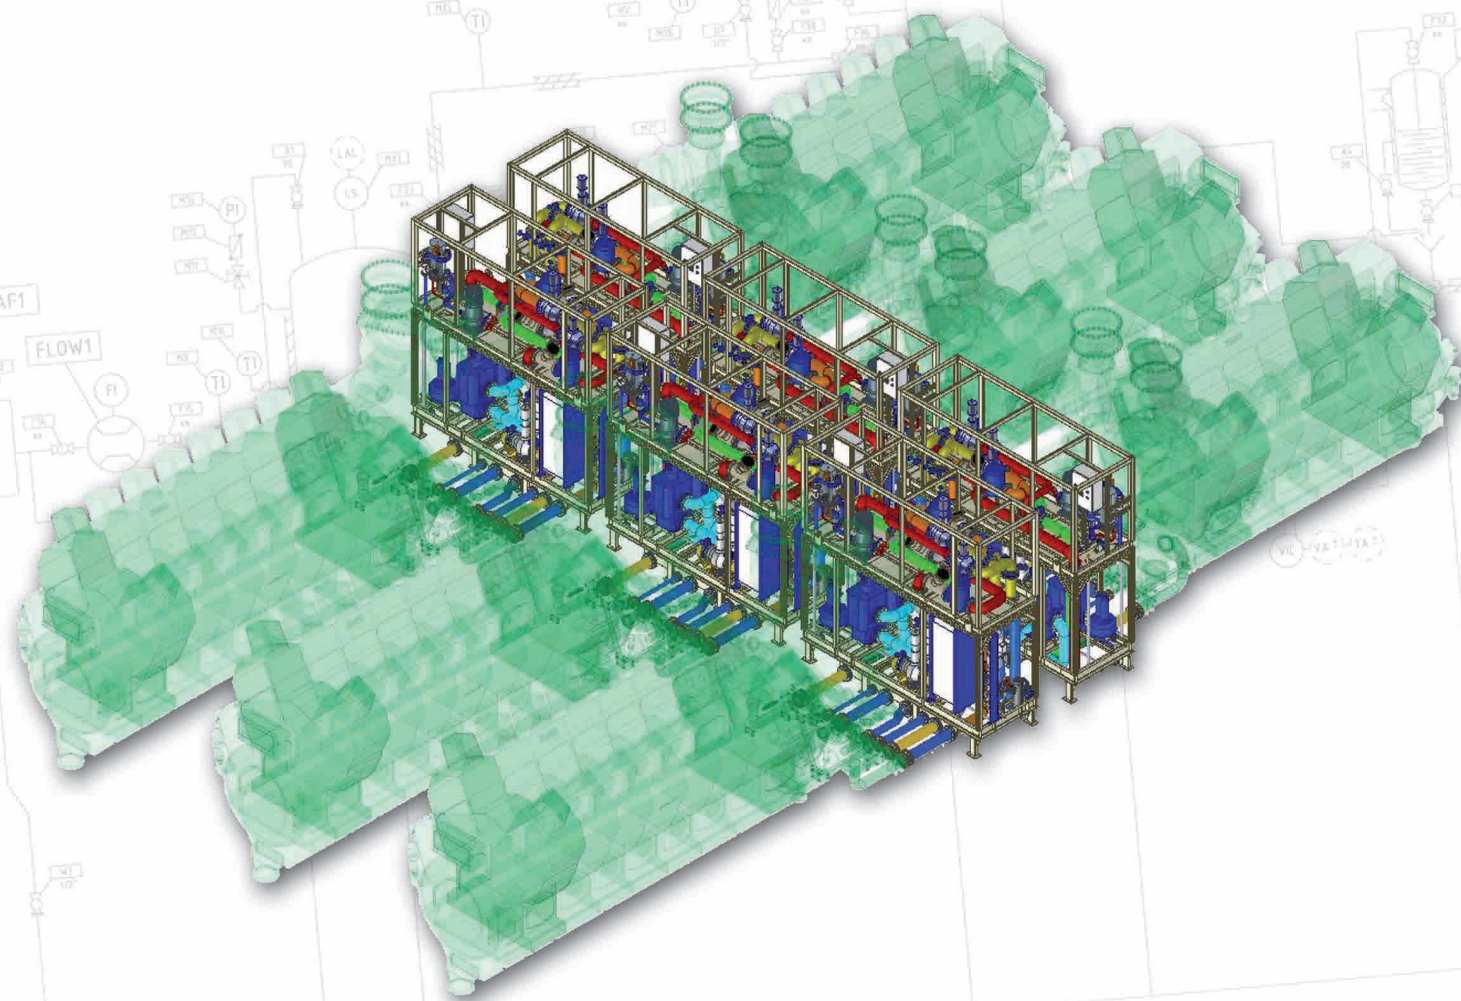

## WHAT DRIVES US...

... the idea to ennoble the previous successful activities to a new stage.

- ▶ The idea to support decentralized / rural areas at different places
  - ▶ Our conviction that interdisciplinary co-operation leads to successful project realization
  - ▶ Our knowledge of fuel treatment from fossil fuels to bio and synthetic fuels
  - ▶ Our ideas to combine renewable energy with gensets
  - ▶ Our experience in customized project realization
  - ▶ The flexibility of a medium sized company group
    - ▶ Improving and growing contacts to sharing with our business partners
    - ▶ Enthusiasm combined with well planned strategies
    - ▶ Our overall company philosophy with dedicated stuff

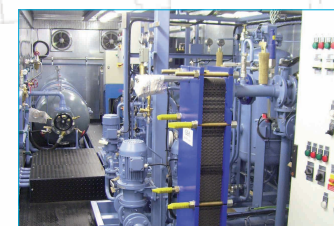

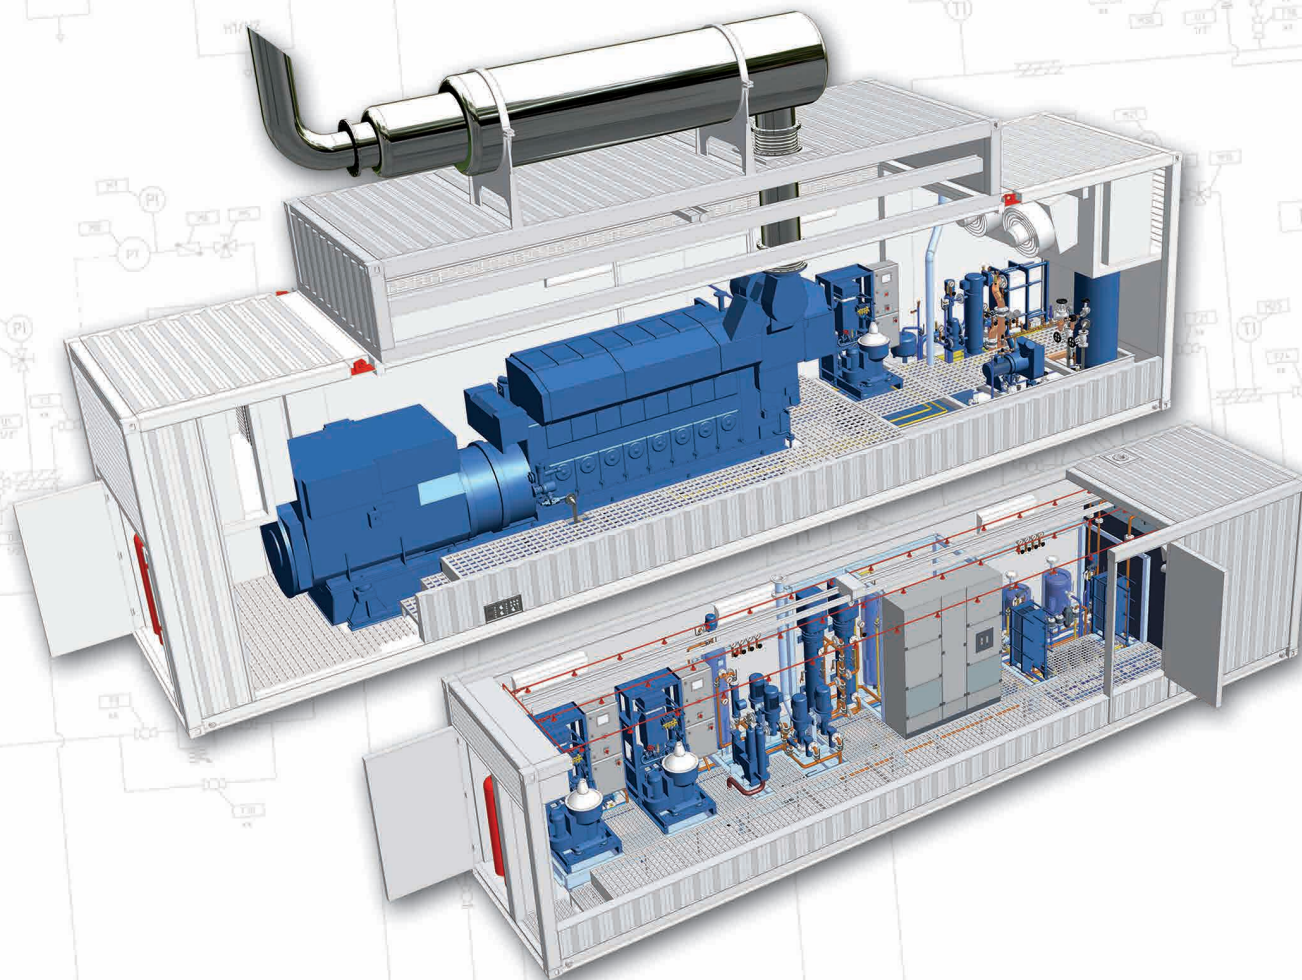

## FROM MODULE SOLUTIONS

--- developed with understanding ---

## TO CONTAINERIZED POWER SYSTEMS

--- implemented with passion ---

## THE SYNERGY OF EXPERTISE AND QUALITY

1 - 20 MW

### Expertise

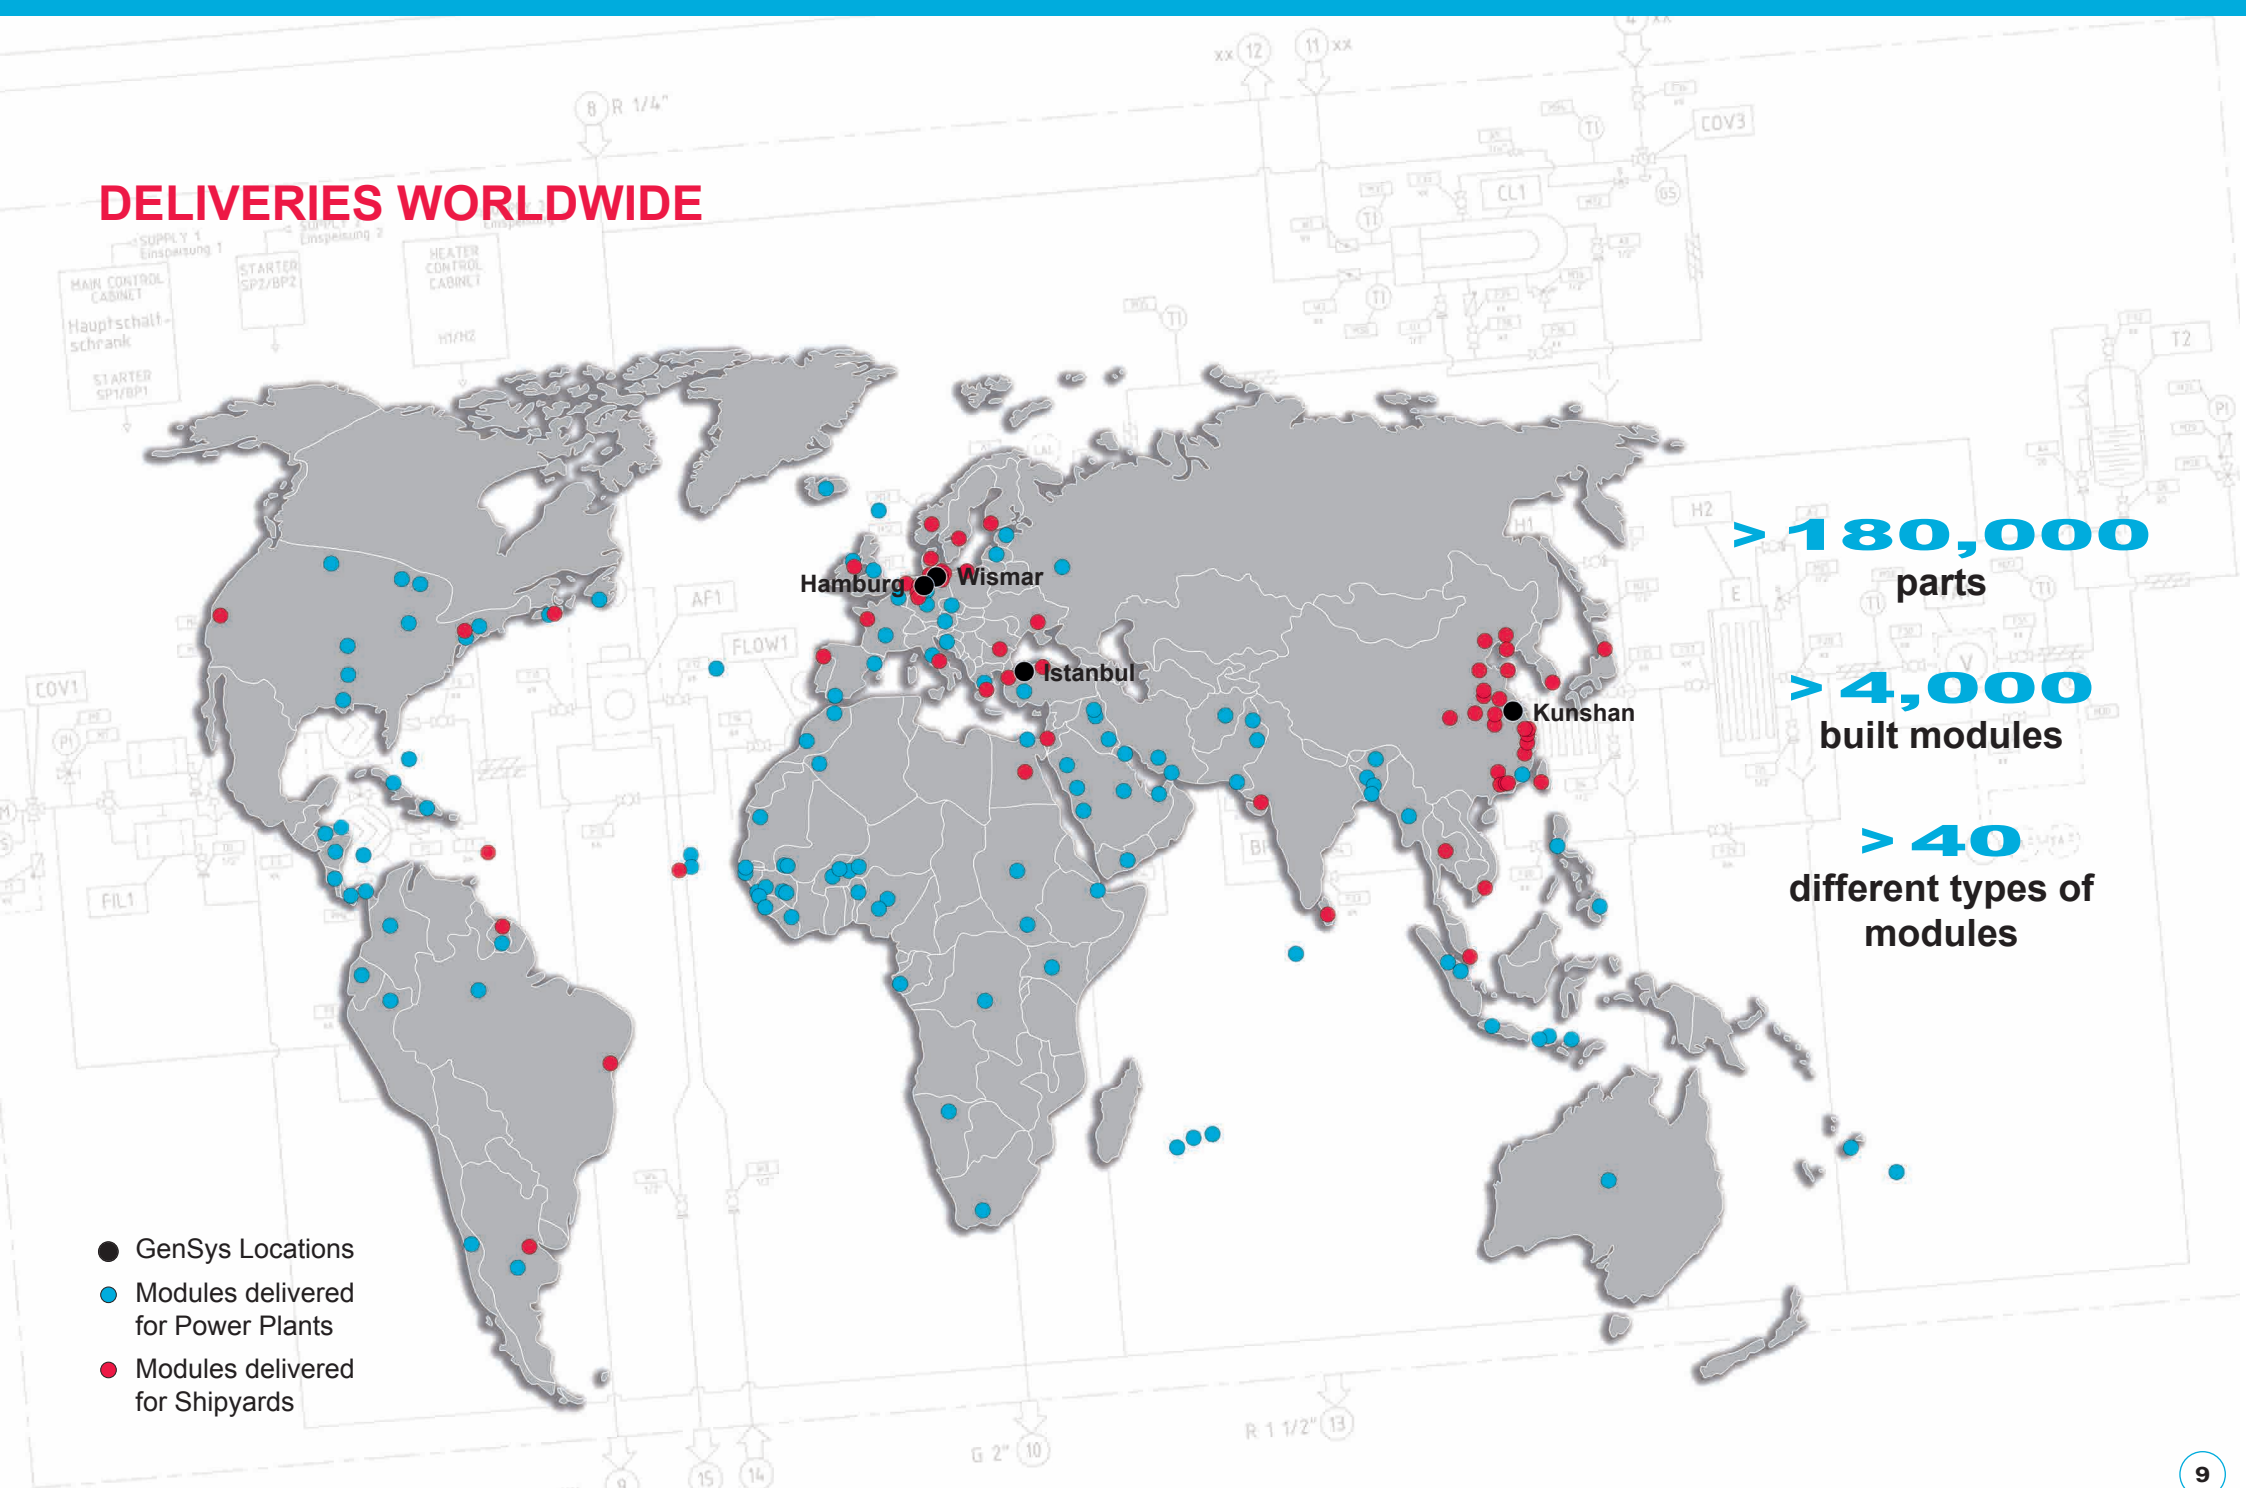

- ▶ Module Design
- ▶ Plug & Play
- ▶ Fuel Handling
- ▶ Fuel Treatment
- ▶ Marine Industry
- ▶ Power Industry

### Expertise

- ▶ Engine System Design
- ▶ Engine Performance
- ▶ Process Calculation
- ▶ Engine Application

## DELIVERIES WORLDWIDE

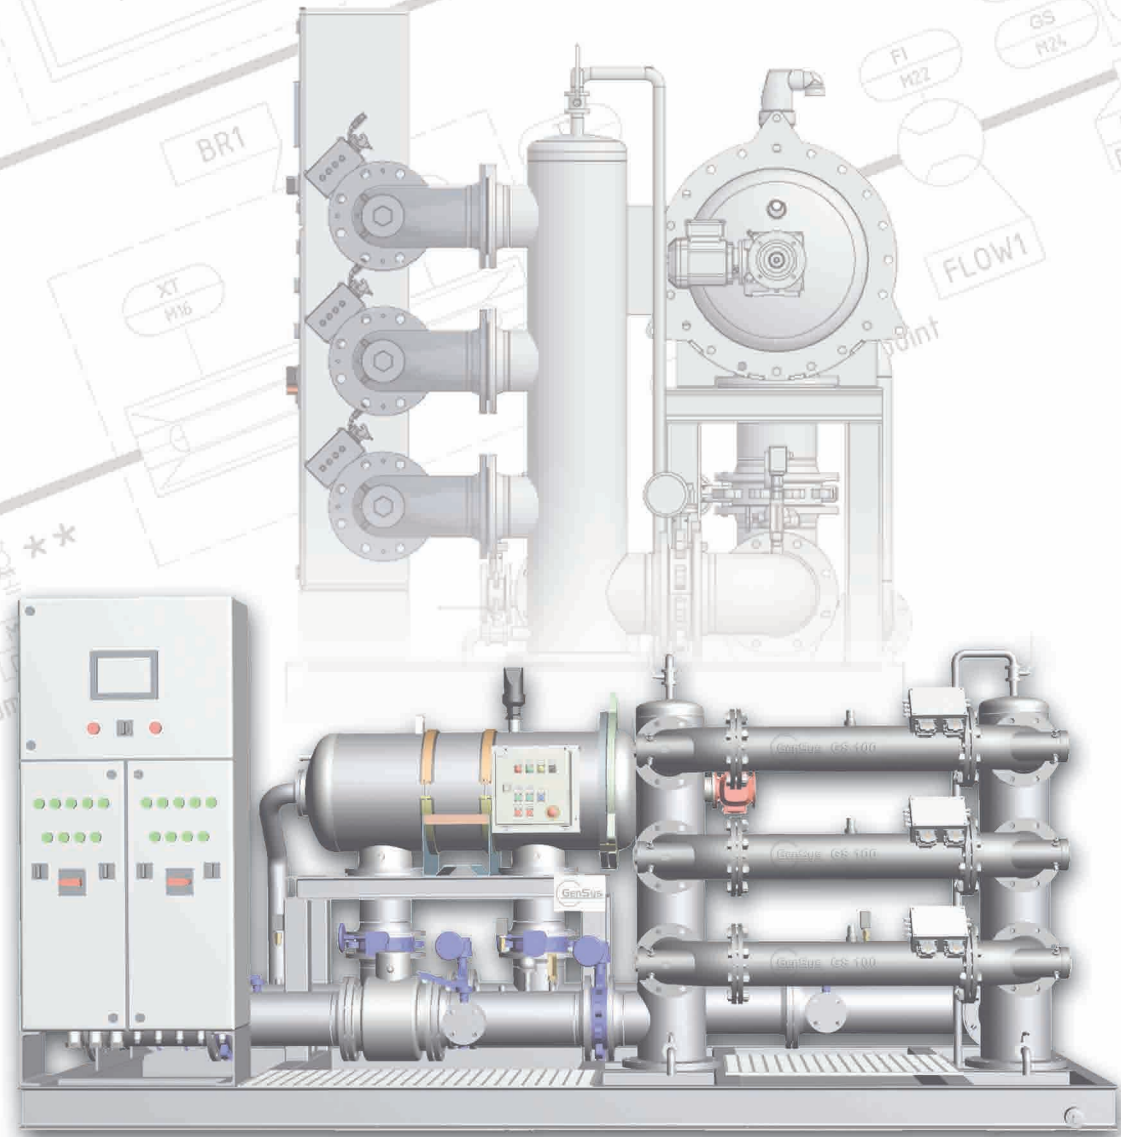

# BALLAST WATER SYSTEM

For the development of an extraordinary Ballast Water System  
you need time, patience...and

**improved technology.**

**GS 100...technology with careful consideration of  
capex/opex and retrofit**

Retrofit Tailormade modules Container power  
Installation on board Explosion proof systems
