

on board with solutions

Aleksandr Pigarev  
CEO

Sergej Pigarev  
CCO

GARANT GROUP is founded following our passion for sea, love for people and a genuine desire to help.

Service is in our DNA. No matter who we're dealing with, no matter which solution, and no matter which division, we're determined to provide a level of service that will inspire maximum confidence among our customers. We have always been an extraordinary combination of business acumen and rule-makers and rule-breakers.

The strong spirit of independence, the desire for challenge and the great respect for our heritage encourages us every day. All of that is reflected in our company culture where trust, respect, dynamics, and flexibility shape the way we live and do business.

Exceeding expectations and adding value with an open heart and mind.

**80%**  
of all the projects are carried out  
outside the Baltic Sea region

**~250**  
employees and  
specialists

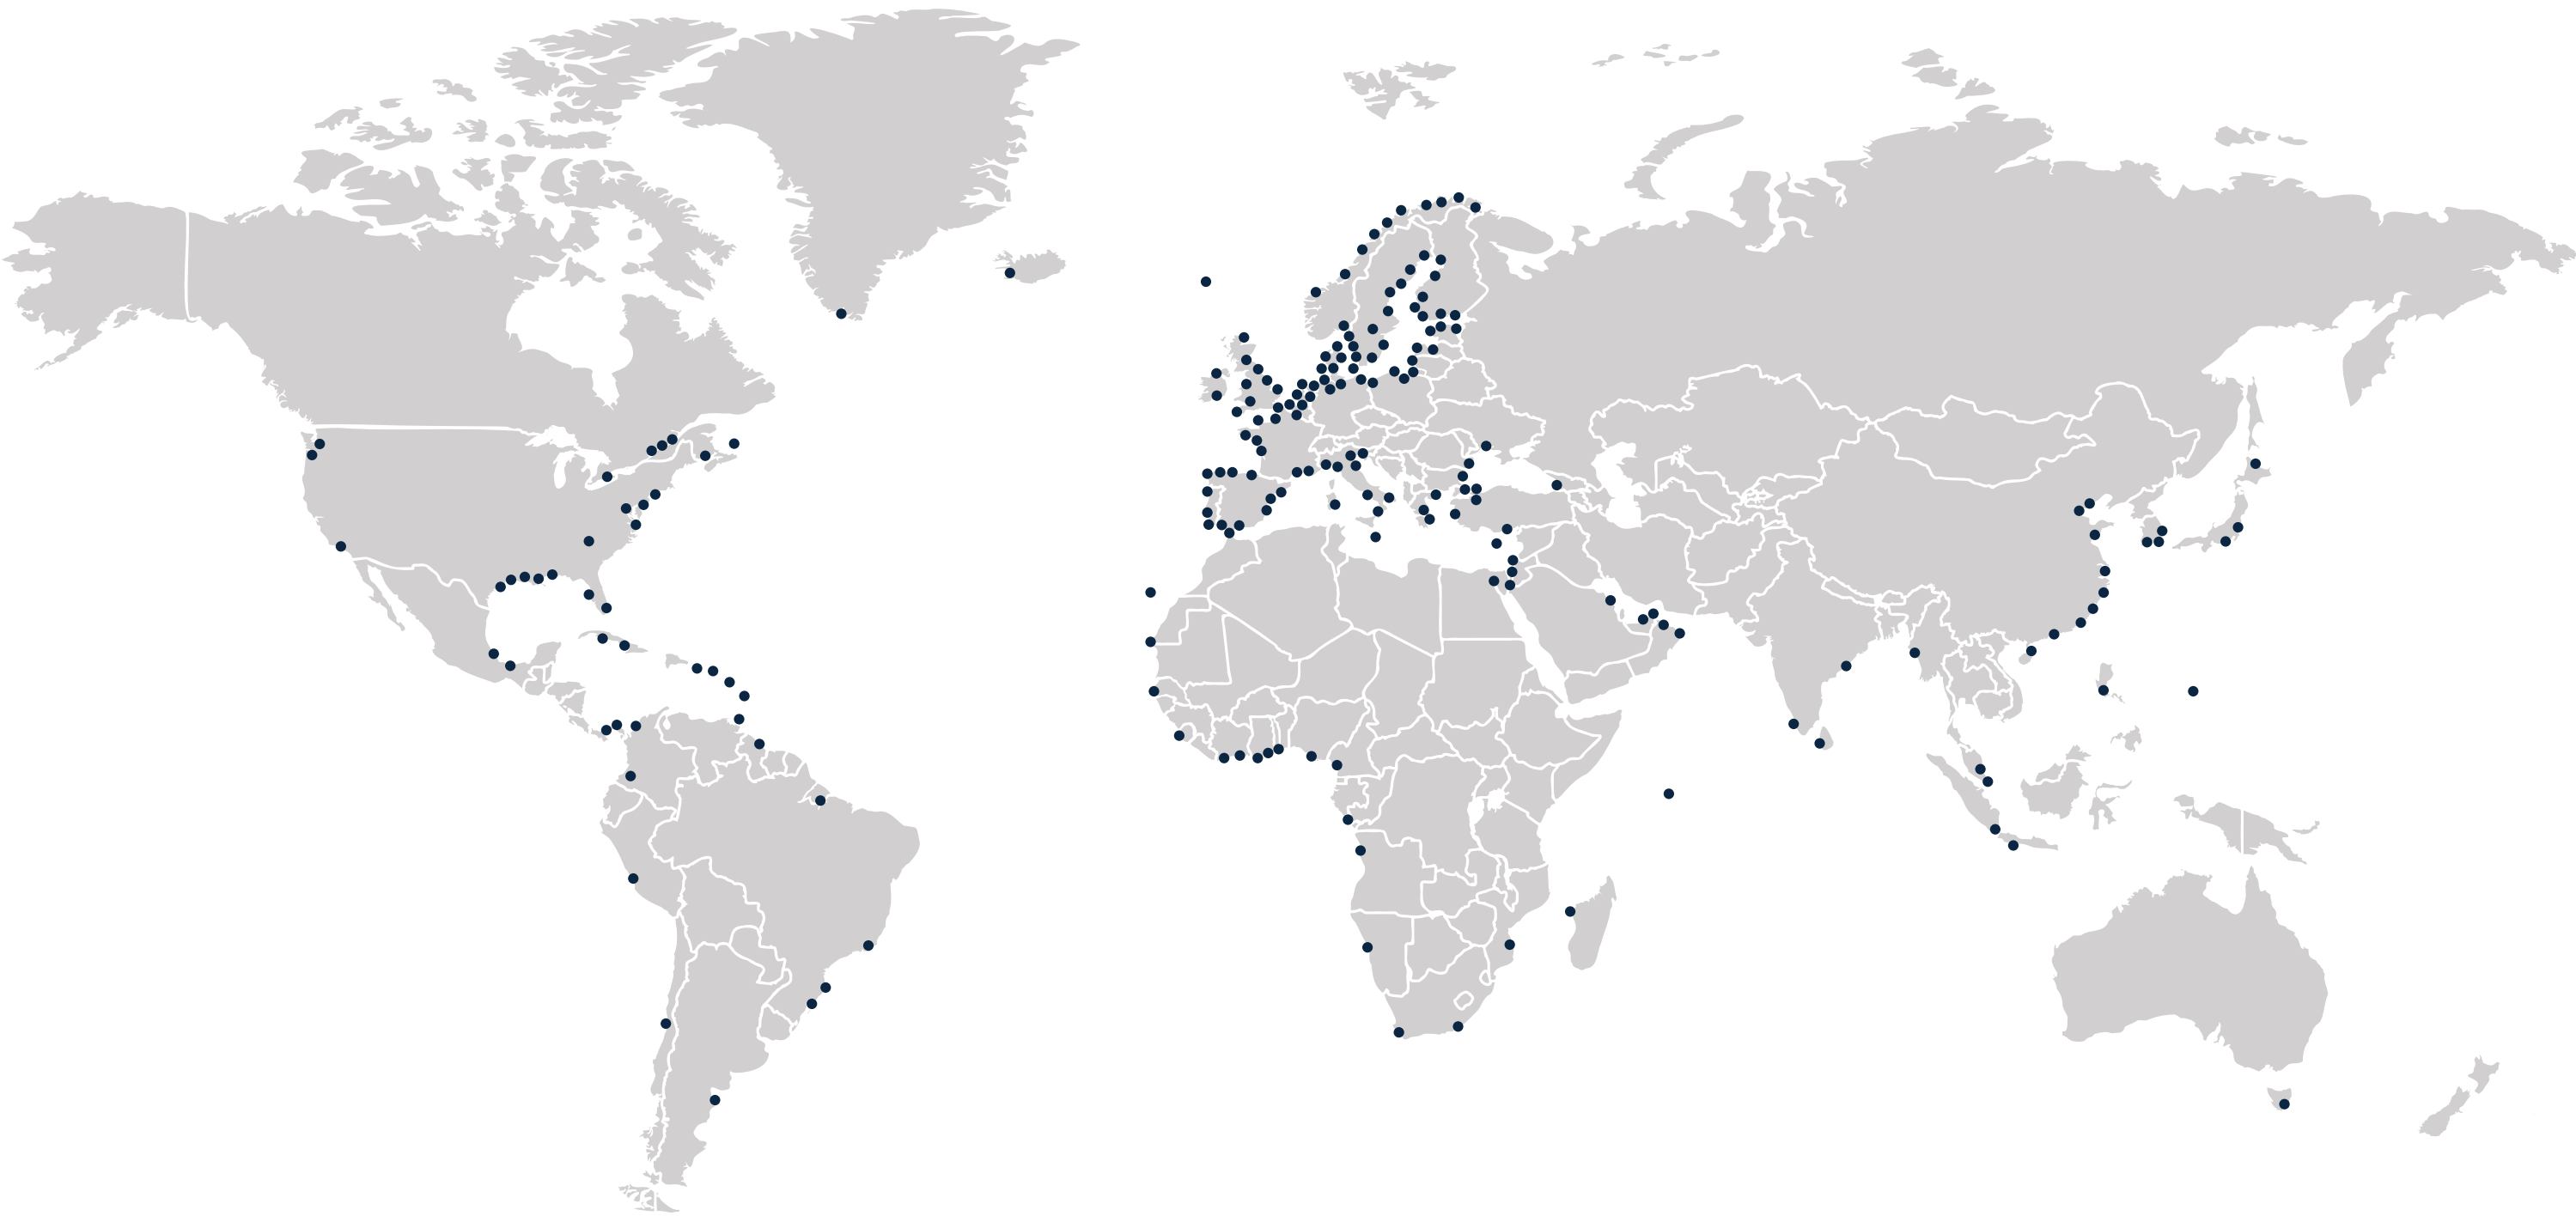

**1570**  
ships served  
annually

**14850**  
projects  
worldwide

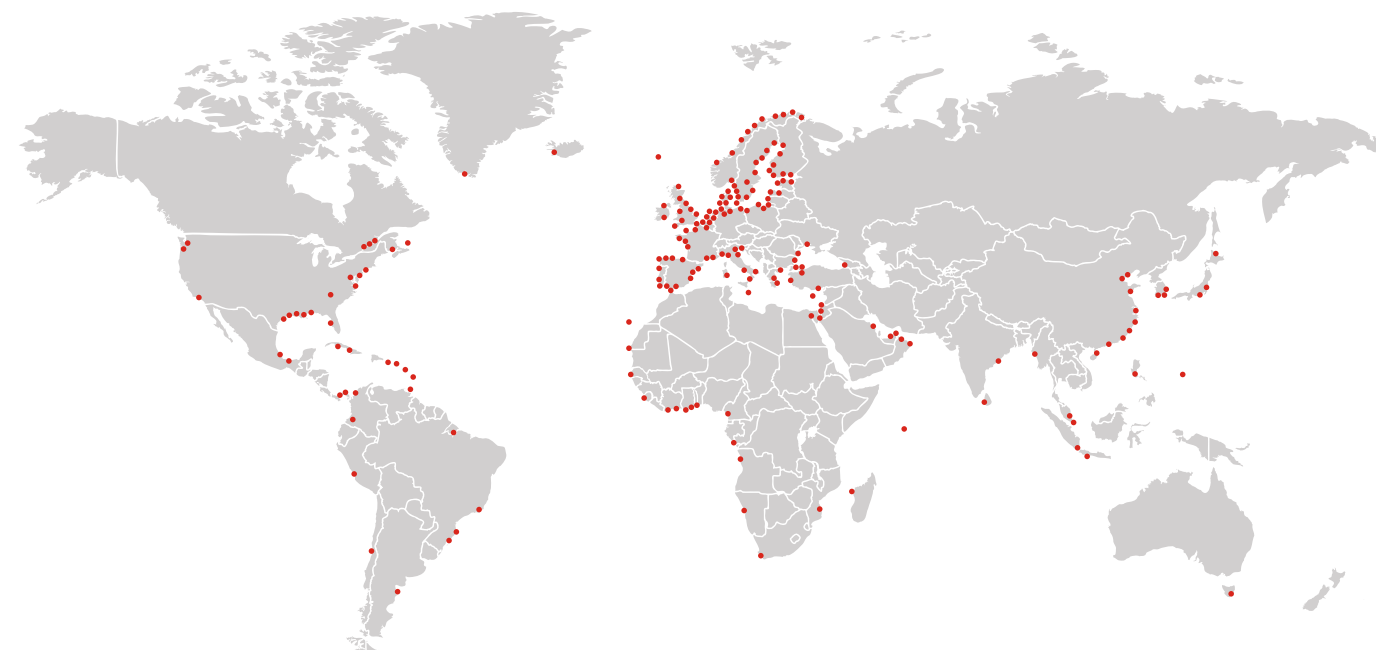

**8000**  
m<sup>2</sup> of warehouse and  
workshop facilities

**5M**  
EUR  
goods in stock

- 2024** ● A warehouse in Porto, Portugal is opened. This strategic location allows us to serve customers in the Iberian Peninsula.
- 2023** ● PIKASOMA upgrades its production line. The new equipment, the Autoreel PLW4000 wire rope winding machine and the Talurit P 1000T 2S / Talurit RBS 75, allow to extend the range of production and to improve the production time.
- 2021** ● Upgrading our equipment for underwater projects and steel wire ropes production.
- GARANT GROUP becomes a member of LVEA (The Lithuanian Wind Power Association) to support our windpower partners and contribute towards a sustainable greener future.
- Acquisition of a research vessel BALTIC EXPLORER allows to participate in international offshore windfarm development projects.
- Launching production of AMBER ropes with integrated Snap Back Limiter (SBL) technology.
- 2020** ● We open a safety service station in Rotterdam, the Netherlands, to survey life saving and fire protection equipment.
- Extending our warehouse geography to Montreal, Canada.
- 2019** ● Our new distribution centers are now located in Singapore and Houston, USA.
- 2018** ● A warehouse in Busan, South Korea is open.
- GARANT PROTECH is established to provide safety services on shore.
- We design and patent our own brand of mooring ropes AMBER.
- 2017** ● Launching a separate trademark GARANT BOATS & YACHTS.
- 2016** ● We add a new office in Las Palmas, Spain, to our map.
- 2015** ● A warehouse for marine supplies in Rotterdam, the Netherlands is open.
- 2012** ● We become 100% a family – owned business.
- 2008** ● To improve efficiency, Garant is reorganized into separate companies according to their functions.
- 2006** ● New office in Riga, Latvia.
- 1997** ● Safety and marine supplies departments are founded.
- 1993** ● We proceed with professional divers' services.
- 1990** ● The history of the GARANT GROUP begins with a ship repair service.

**Solid expertise in marine engine overhaul, maintenance, troubleshooting and repair**

- ▶ 2 stroke main engines
- ▶ 4 stroke main & auxiliary engines
- ▶ Dual-fuel and gas engines
- ▶ Mobile teams & equipment worldwide
- ▶ Genuine & custom-manufactured spare parts
- ▶ Warranty
- ▶ Service

**Official representative for genuine spare parts and services**

### Top quality services for the following engine makers

- |                  |                        |
|------------------|------------------------|
| ▶ MAN            | ▶ SCANIA               |
| ▶ CATERPILLAR    | ▶ ROLLS-ROYCE / BERGEN |
| ▶ MAK            | ▶ DAIHATSU             |
| ▶ STX            | ▶ CUMMINS              |
| ▶ WÄRTSILÄ       | ▶ MITSUBISHI           |
| ▶ HYUNDAI-HIMSEN | ▶ DEUTZ                |

### Engine repair and spare parts

- ▶ Main and auxiliary diesel engine
- ▶ Installation of new foundation
- ▶ Turbocharger overhaul
- ▶ Honing of cylinder liner up to 500 mm
- ▶ In-line boring equipment  
("Climax" machine)
- ▶ Reconditioning of cylinder head,  
connecting rod and piston crown

### Exchange base concept

- ▶ Cylinder heads
- ▶ Connecting rods
- ▶ Piston crowns etc.
- ▶ Valve spindles
- ▶ Water and oil pumps
- ▶ Fuel pumps
- ▶ Injectors
- ▶ Turbo chargers

### Other services

- ▶ Deck equipment repairs
- ▶ Hydraulic repairs
- ▶ Electrical & automation
- ▶ Workshop machining & fabrication
- ▶ Steel structures fabrication & repairs
- ▶ Welding
- ▶ UTM services
- ▶ Visual borescope inspections

### Timely inspections by certified Engineers

- ▶ Lifeboats & davits
- ▶ Marine fire protection
- ▶ Personal protection & rescue equipment
- ▶ Centralized Gas Welding and Cutting System (Ac/Ox)
- ▶ Liferafts
- ▶ Cranes

### Where you need them the most

- ▶ Fully equipped stations in the Netherlands and Baltics
- ▶ Mobile Stations for flexible attendance in Europe
- ▶ Flying teams for inaccessible service locations
- ▶ Certified partner network around the globe

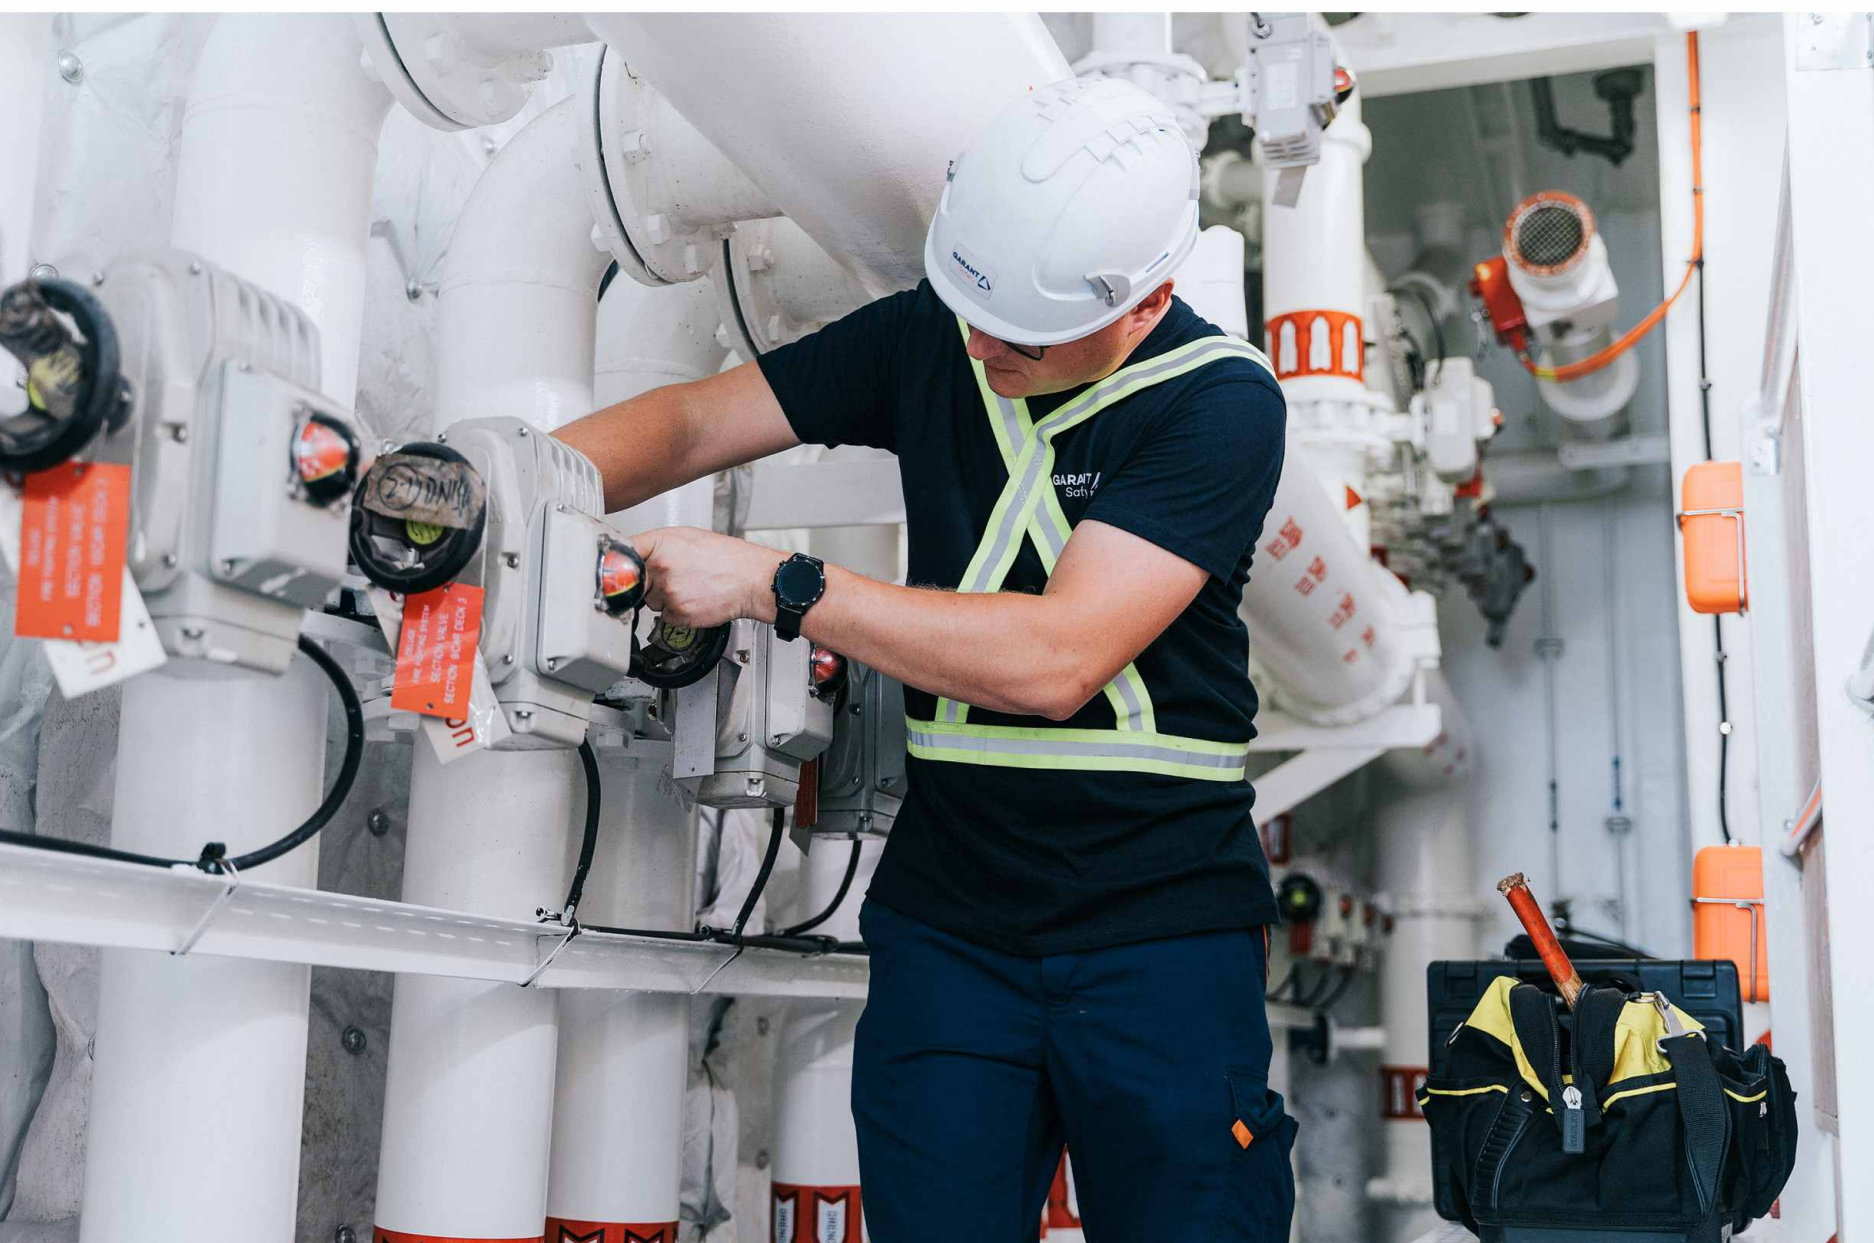

## Powered by

- ▶ Engineers trained and certified for both – Marine Fire and LSA
- ▶ Flag and Class approvals for lifeboats, launching appliances and release gear
- ▶ Flexible approach to vessel schedule and route
- ▶ Quality at the right price
- ▶ Partnership in Fleet Safety management – fixed price, timely execution, suitable location, and technical support

## Class Approvals

## Flag Approvals

**Underwater Service Providers' Global Alliance (USPGA)**

**Experts in underwater projects**

- ▶ Underwater works
- ▶ Ship maintenance and repair
- ▶ Commercial diving services

**Fleet & Equipment**

- ▶ Multipurpose research vessels  
MINTIS and BALTIC EXPLORER
- ▶ Mobile diving stations
- ▶ ROV's

### Ropes with integrated Snap Back Limiter (SBL) technology

- ▶ Energy absorbing core within the rope reduces snap back if rope breaks
- ▶ Stronger and lighter due to polypropylene and polyester fiber yarns
- ▶ Buoyant
- ▶ UV resistant

### Rope services

- ▶ Rope design development
- ▶ Rope inspection & retirement advisory
- ▶ Personalized product trainings

**All products are produced in accordance with OCIMF guidelines (MEG4) and IACS approved**

a member of

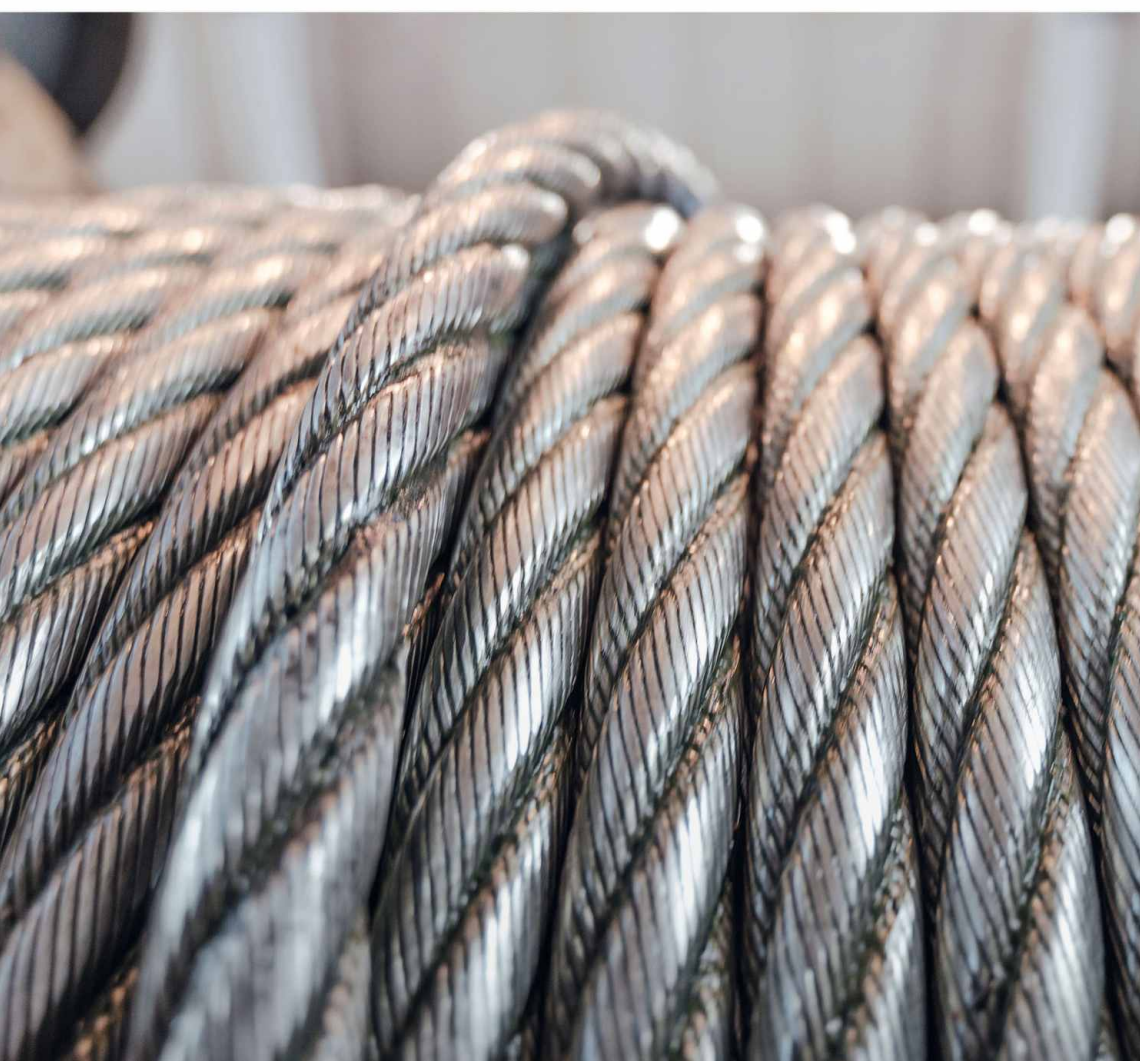

## Galvanized steel wire ropes and their products

- ▶ Hoisting
- ▶ Luffing
- ▶ Lifting equipment
- ▶ Thimbles DIN & JIS standards

## Service & maintenance

- ▶ Sling production
- ▶ Tensile test
- ▶ Easy care with Viper Lubricator System
- ▶ DNV certification upon request

## Viper Wire Rope Lubrication System cleans and lubricates wire ropes in one pass

- ▶ Reduce labour required to lubricate wire ropes by up to 90%
- ▶ Grease up to 2000m of rope per hour
- ▶ Increase wire rope life up to 300%
- ▶ Light weight, easy to install and operate
