

Marine Pumps

Kyodo USA is a leading supplier and distributor of marine pumps and spares covering all major marine applications and vessel operation requirements.

We supply complete units, replacement kits or individual spares from highly regarded manufacturers offering supply chain solutions for on-going fleet maintenance programs, complete unit replacements, and emergency repairs.

Spare Parts Scope of Supply:

- Complete unit replacement
- Spares kits
- Emergency repair kits
- Fleet maintenance programs
- Fleet replacement programs

Key Customers:

- Container ships
- Tankers
- Cruise ships
- Bulk carriers
- Ferries
- Tug boats
- Naval vessels
- Off-Shore

Quality Assurance:

- Full manufacturer warrantee
- ISO 9001
- Traceability
- Material certificate
- Conform with all leading marine classification societies

QUALITY MANAGEMENT SYSTEM
CERTIFIED BY DNV

== **ISO 9001:2008** ==

In addition to our direct relationships with original manufacturers, we also work very closely with hundreds of OEM's and quality after-market spare parts suppliers around the world offering our customers a wide range of spare parts at highly competitive prices.

About Our Global Fleet Maintenance Program

Customers with repeated orders and projected purchasing requirements are welcome to take advantage of our Global Fleet Maintenance Program.

This program is highly customized and designed to meet your specific technical and logistical spare parts supply requirements, which will include:

- Warehousing and guaranteed stock positions of critical spares
- Dynamic fleet maintenance and spares supply management program
- Volume discount to meet any budget and safety requirement
