## INTRODUCTION

**VOYAGE MARINE AUTOMATION LLC**, an ISO 9001 : 2008 certified company, was established in the year 2002. The company's objective is to cater to the requirements of Automation, Safety and Control Products & Services in the Marine, Oil & Gas, Petrochemicals and other Industrial sectors.

Since its inception, the company has experienced tremendous growth by virtue of the superior services rendered by its competent technical, sales & marketing and administration staff, ably guided by a sophisticated and caring management. In order to cover the UAE extensively and as a commencement of its global expansion, the company has set up facilities at different locations. The company has either entered into agency agreements or established channel partnerships with world's renowned companies to meet the requirements of its clients at very competitive rates without compromising on quality.

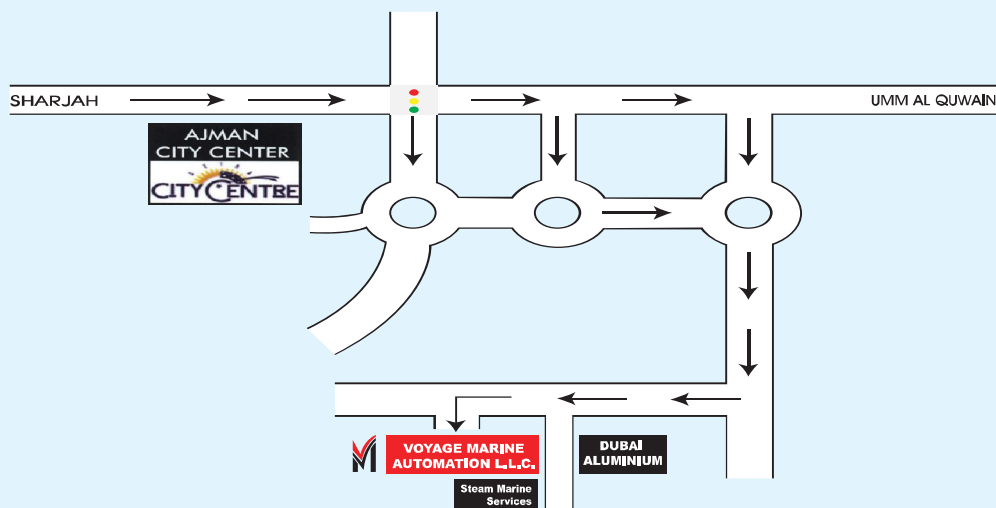

A full fledged Electrical Workshop, Calibration and Pneumatic Labs are our added strength in providing a complete solution for the Marine & Industrial automation fields. Our state of the art Inventory Control Package is designed to make the whole process super efficient.

In line with its expansion plans, the company has established an Electro mechanical division employing a team of well trained and experienced staff to offer the clients high quality and timely service.

## QUALITY SYSTEM

The Company's Quality Management System conforms to ISO 9001:2008, certified under Bureau Veritas Accreditation. Operations of all divisions are integrated through a Management System that is vigilant round the clock.

## MAJOR ACTIVITIES

### Automation & Control Services

Installation, Servicing, Voyage Repairs, Retrofit, Conversions and Dry-docking activities related to:

- Fire & Gas Detection systems
- Pneumatic Control systems
- Cargo Control & IG systems
- Engine Room & Pump Room (Intrinsically safe) Bilge Alarm systems
- Pump Room Temperature Monitoring systems
- Engine Control, Safety and Protection Systems
- Boiler Control and Burner Management Systems
- Gas Analyzers and Pump Room Gas Monitoring systems
- AIS & SSAS System and Engine Efficiency Monitoring systems
- Oil water Separator and Bilge Oil Content Monitors
- Navigation, Public Address and Intercom systems
- Marine Approved Communication Systems
- HIGH – HIGH/ HIGH Level Alarm systems
- Engine Maneuvering systems
- Tank Level Gauging systems
- Atmospheric Oil Mist Detection systems

### Marine Switch board

- Designing and Manufacturing of class approved Marine Switch Boards

### Breaker Testing

- High Current Injection Facility up to 3500 Amps

### Electro-Mechanical Services

- Fabrication, Welding and other Machine shop requirements
- Generator overhauling and maintenance
- Marine Air Conditioning system maintenance
- Foundry works of Ferrous and Non-Ferrous metals
- Electroplating, Painting and Surface Finishing
- Pressure Testing
- Hydraulic Services

***Keeping your Voyage Safe***

## Calibration Services

### Pressure & Temperature Instruments

- Pressure Gauge
- Test Gauge
- Pressure Recorders
- Pressure Transducers
- Temperature Gauges
- Temperature Recorders
- Pneumatic / Electronic Pressure and Temperature Transmitters

### Electrical Equipments & Panel Meters

- Multimeters
- Clamp Meters
- Voltmeters
- Insulation Testers

### Precision Measuring Equipments

- Vernier Caliper
- Inside/Out Side Micrometers
- Dial Indicators
- Feeler Gauges
- Ring, Plug, Snap Gauges

### Gas Analyzers & Detectors

- Portable & Personal Gas Monitors
- Fixed Gas Detection systems on-board ocean going vessels
- Oil & Gas facilities and other Industrial premises
- Breath Alcometers

### Valves

- Control Valves & Safety Valves

### Miscellaneous

- Anemometers/ Tachometers/ Barometers
- Sound Level/ Lux Meter
- pH Meters/Rh Meters/Conductivity Meters
- Torque Wrenches

*Keeping your Voyage Safe*

Personal and Portable gas Detectors,  
Wireless Mesh Guard systems for  
Rig application, Area Monitoring systems

Fixed and portable Gas Monitors,  
IR Monitors and systems for Oilfield, Rigs etc.

Electronic Device, UK

Dedicated Gas and Fire systems for Marine,  
Oil & Gas Applications

Self-Contained Breathing Apparatus (SCBA),  
Emergency Escape Breathing Devices (EEBD) Sets,  
Face Masks

Various Systems for marine Applications, Engine Room  
Oil Mist Detection Systems (OMD), Ballast Tank  
Gas Monitoring Systems

Calibration Gases and Accessories, Analysing Gases

Pressure, Temperature Switches & Sensors Solenoid Valves

Rivertrace Engineering, UK

Bilge Alarm (Oil PPM Monitor) & ODME

Fire Detection Systems for Safe and Hazardous Areas

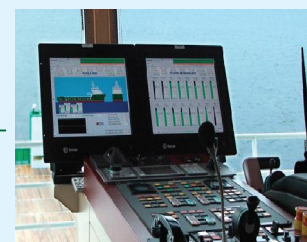

Audio and Visual Alarm for Safe and Hazardous Areas

Marine Approved Telephones

Vapor control valves, quick coupling flanges,  
Cargo UTI measurement devices,  
High level alarm systems, Gas & Product samplers

**BJØRGE**  
Norway

Advanced integrated automation systems based  
on the SMARTChief® II solution platform

## Products Trading

- Personal, Portable and Fixed Gas Detection Instruments & Systems
- Fire Alarm systems
- Tank systems
- Explosion Proof Rotating Lights & Siren
- Solar Powered Barge Lights
- Float Switches and Level Measuring Instrument
- Alarm Annunciators
- Speed Switches and Sensors for main engines & generators
- Breathing Apparatus
- Pressure & Temperature Switches and Sensors
- Solenoid Valves
- Bilge Alarm (Oil PPM Monitors) & ODME
- Marine Cables
- Generator Control Systems
- MMC & UTI Instruments and spares
- Explosion proof electrical instruments

## Chemicals Trading

Storage, Handling and Trading of:

- Fuel Additives
- Pre-combustion Additives
- Combustion Additives
- Ash Modifiers
- High Performance Lubricity Improvers
- Flow Improvers for Middle Distillates
- Antistatic Additives
- Mercaptane Scavengers
- Tankcleaners
- Basic Industrial Chemicals

**Laroute**

**GLENCORE**  
INTERNATIONAL AG

### **Voyage Marine Automation L.L.C**

P.O. Box 20070, Ajman, U.A.E.

Tel: +971-6-748 4681, Fax: +971-6-748 4682

Email: [voyagem@emirates.net.ae](mailto:voyagem@emirates.net.ae)

### **Voyage Marine Automation FZE**

Ship Stores Supplies - Cabin, Deck & Engine spares,  
Safety Equipments, Pneumatic, Electrical & Hand Tools

P.O. Box 50362, Hamriyah Free Zone, Sharjah, U.A.E.

Tel: +971-6-748 8048, Fax: +971-6-748 8049

Email: [spares@voyagemarine.ae](mailto:spares@voyagemarine.ae)

### **Steam Marine Services**

Hydraulic & Electro-Mechanical services

Ajman, U.A.E

Tel: +971-6-748 4795, Fax: +971-6-748 4796

Email: [steamuae@emirates.net.ae](mailto:steamuae@emirates.net.ae)

### **MASS Automation (Pvt) Ltd.**

Professional Supplier and Service Provider for All Automation,  
Safety, Instrumentation and Calibration Requirements for Marine, Oil & Gas,  
Petrochemicals and other Industrial Fields

Kochi, India. Tel: +91-484-238 4454, Fax: +91-484-238 4455

Email: [service@massautomationindia.com](mailto:service@massautomationindia.com)

### **Voyage Chemicals Trdg.**

Storage, Handling & Trading of Marine Fuel Additives, Lubricity Improvers,  
Tank Cleaners, Basic Chemicals

P.O. Box 20070, Ajman, U.A.E Tel: +971-6-748 4681, Fax: +971-6-748 4682
