When you think refrigeration,
think Flynn Refrigeration!

The Refrigeration &
Air Conditioning Specialists

Scope of Supply

www.flynn-refrigeration.com

Flynn Refrigeration are a leading independent supplier of all refrigeration and air conditioning systems used within the marine and industrial sectors.

Our extensive product range includes new and reconditioned refrigeration compressors, spares, packaged air conditioning and refrigeration controls.

We pride ourselves on our strong network of service engineers in many ports around the world; meaning wherever you are, we can supply spares and services – even in the tightest timeframes.

When you think refrigeration, think Flynn Refrigeration!
