

Welcome to

FLYNN REFRIGERATION

Flynn Refrigeration supply **refrigeration** and **air conditioning** products to the marine and industrial sectors. With more than 35 years' experience, our team have a good understanding of the requirements of ship owners, fleet managers and trading companies within the industry.

Our product range includes refrigeration and air conditioning spares and compressors. However, over the years, we have expanded our range and now offer a vast supply of products. We adhere to **ISO 9001** and **ISO 14001** standards to maintain our high level of service from enquiry to dispatch stage.

Refrigeration Spares

We supply a wide range of refrigeration compressor spares for all leading makes of compressors, including **Bitzer**, Bock, **Carrier**, Carlyle, **Copeland**, Danfoss, **Dorin**, Daikin, **Gram**, Grasso, **Mycom**, Sabroe, **Stal**, York and many more.

Compressors

We hold a large stock of many compressor models including, **Bitzer**, Bock and **Maneurop**. We also stock an extensive range of Carrier, **Daikin**, Sabroe and **Stal** compressors. Whilst we have good knowledge and understanding of compressors, our strong global connections and key manufacturers and workshops enables us to find the most suitable replacement and offer a selection of replacements for many older compressors.

Refrigerants

We can assist in the selection of replacement **refrigerants**. Our experience converting cargo plants, air conditioning systems and provision plants ensures the team are kept up to date on the latest regulations and changes made within the refrigerant industry.

Refrigeration Services

We can offer many aspects of refrigeration services. We have a team of refrigeration **engineers** in many ports around the world and can arrange for a fully-qualified engineer to attend vessels in many locations.

Refrigeration Tools

We supply all types of tools that are needed to ensure vessels are equipped to enable the ship's crew to maintain the plant on-board the vessel.

Air Conditioning

We sell a wide range of air conditioning units including small portable air conditioning, split air conditioning units and **seawater-cooled** units such as the **TR range**, which are ideal for engine control rooms.

Air Dryers

We supply a comprehensive range of **refrigerated** air dryers and **desiccant dryers** to ensure that the air plant on-board vessels are kept clean and dry from contamination.

Air Compressors

We offer a wide range of compressors and spares for models on-board vessels. We have a good working relationship with many leading manufacturers such as **Almig**, Alup, **Atlas Copco**, Broomwade, **Deno**, Hatlapa, **Hamworthy**, JP Sauer, **Ingersoll Rand** and Sperre.

Bearings, Belts, Couplings and Pulleys

We offer a complete range of products that will ensure vessels have the **drive-line** spares they need to keep the systems on-board in good running order.

Electrical Motors

We can supply a wide range of marine **electrical drive motors** to suit your requirements.
