Each section of this brochure highlights our Company's core abilities.

BOLTING TOOLS

**BOLT IT – TIGHTEN IT – ALIGN IT – IMPACT IT – TORQUE IT – TURN IT
TEST IT – SPREAD IT – FASTEN IT – PIN IT – PRY IT – SNUG IT**

Whatever 'It' is, we have the bolting tools to get the job done the right way, the first time. We represent the leading manufacturers in the bolting industry. If you can't locate the tool you need, call us and we will find it for you.

Air Impact Wrenches

Battery & Electric Impact Wrenches

Battery Torque Tools

Electric Torque Tools

Flange Maintenance Tools

Hydraulic Impact Wrenches

Hydraulic Torque Wrenches

Bolt Testers

Manual Multipliers

Manual Torque Wrenches

Nut Cutters & Splitters

Impact Sockets

Pneumatic Torque Tools

Rigger Hand Tools

Tc Shear Wrenches & Accessories

Bar Jacks

Torque Wrench Pumps

Turn Of Nut Wrenches & Accessories

Tone Digital Torque Meters

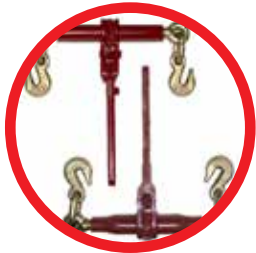

Tensioners

CARGO CONTROL & TOWING

LOAD IT – SECURE IT – RATCHET IT – CONTROL IT – BIND IT – HOLD IT

Whatever 'It' is, we have the tools to get the job done the right way, the first time. We carry the leading brands of Cargo Control Tools. We know how important it is to get the work done safely, efficiently and accurately.

Ratchet Binders

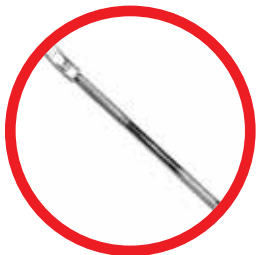

Secure Winch Binders

Transport Chain

Weld-On Parts

Winch Bars

Winch Lines

Marine Straps

Corner Protection

CONSTRUCTION TOOLS

BREAK IT – CHIP IT – PUMP IT – DRILL IT – POWER IT – DEMO IT

Whatever 'It' is, we have the construction tools to get the job done the right way, the first time. We represent the leading manufacturers in the construction tool industry. If you can't locate the tool you need, call us and we will find it for you.

Chipping Hammers & Accessories

Hydraulic Power Units

Hydraulic Water Pumps

Paving Breakers & Accessories

Rivet Busters & Accessories

Rock Drills & Accessories

Steel Accessories

Air Supply Accessories

CRANES

PRESSURIZE IT – HOLD IT – SPREAD IT – SPIN IT – TURN IT

Whatever 'It' is, we have the cranes to get the job done. We represent the leading Crane manufacturers in the industry.

Bridge Cranes

Davit Cranes

Gantry Cranes

Jib Cranes

FABRICATION & CUSTOM PRODUCTS

DESIGN IT – CUSTOMIZE IT – FAB IT – BUILD IT

Whatever 'It' is, we have the ability to Fabricate and Customize any product to help you get the job done the right way. If you can't locate the equipment or tool you need, call us today and we will find you the solution.

Custom Cylinders

End Caps

Fork Truck Booms

Jack Stands

Lifting Beams

Lifting Triangles

Material Baskets

Material Stands

Pallet Lifters

Custom Presses

Custom Pumps

Spreader Beams

FALL PROTECTION

**ANCHOR THEM – HARNESS THEM – RETRACT THEM – CONNECT THEM
POSITION THEM – RESTRAIN THEM – LOWER THEM – RETRIEVE THEM**

Whoever you need to protect, we have the fall protection tools to get the job done the right way, the first time. We represent the leading manufacturers in the fall protection industry. If you can't locate the tool you need, call us and we will find it for you.

Clamps

Self Retracting Lifelines

Harnesses

Stanchion Systems

Trolleys

Hardware

Confined Spaces

**Rescue & Descent
Equipment**

Fall Rescue Equipment

Guardrail Systems

Vertical Systems

Fall Protection Training

HAND TOOLS

TORQUE IT – HAMMER IT – CHISEL IT – CLAMP IT – TURN IT – STORE IT

Whatever 'It' is, we have the Hand Tool to get the job done the right way, the first time. We represent the leading manufacturers in the Hand Tool industry. MADE IN THE U.S.A. If you can't locate the tool you need, call us and we will find it for you.

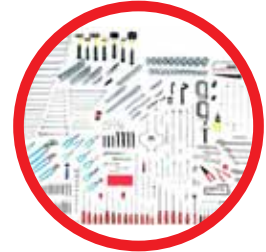

Clamps

Hammers & Chisels

Hex Keys

Master Sets

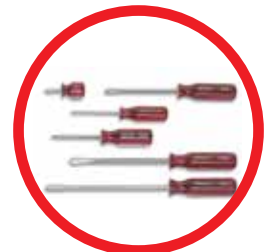

Miscellaneous Tools

Nut Runners

Pliers & Snips

Screw Drivers

Tool Chests

Torque Wrenches

Wrenches

HYDRAULIC

**JACK IT – LIFT IT – PRESS IT – SLIDE IT – MOVE IT – PULL IT – PUMP IT
PRESSURIZE IT – HOLD IT – SPREAD IT – SPIN IT – TURN IT**

Whatever 'It' is, we have the hydraulic equipment to get the job done the right way, the first time. We represent the leading manufacturers in the hydraulic equipment industry. If you can't locate the piece of equipment you need, call us and we will find it for you.

Cylinders

**Heavy Equipment
Technology**

Hydraulic Accessories

Presses

Pullers

Pumps

Track Pin Presses

Maintenance Sets

LOAD MEASUREMENT

**LOAD IT – MONITOR IT – MEASURE IT – TRACK IT – RECORD IT
CONTROL IT – COMPRESS IT – SEE IT – KNOW IT – TRANSMIT IT**

Whatever 'It' is, we have the load monitoring equipment to get the job done the right way, the first time. We represent the leading manufacturers in the load monitoring industry. If you can't locate the load monitoring device you need, call us and we will find it for you.

**Compression Load
Cells**

Dynamometers

Load Links

Load Shackles

LUBRICATION

GREASE IT – LUBRICATE IT – CONTROL IT – METER IT

Whatever 'It' is, we have the lubrication equipment to get the job done the right way, the first time. We represent the leading manufacturers in the lubrication industry. If you can't locate the lubrication device you need, call us and we will find it for you.

Bulk Fluid Packages

Compressed Air Components

Control Valves & Meters

Diesel Exhaust Fluid (DEF) Systems

Fluid Handling & Transfer Pumps

Fluid Handling Equipment

Fluid Management Systems

Grease Guns

Industrial Lubrication Fittings

Oil Mist Systems

Reels

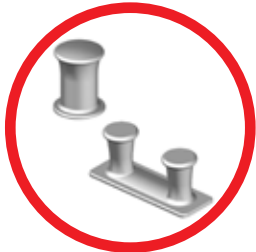

Single Point Lubricators

MARINE EQUIPMENT & ACCESSORIES

POSITION IT – CONTROL IT – WINCH IT – CUSTOMIZE IT

Whatever 'It' is, we have the Marine equipment & Accessories to get the job done the right way, the first time. We represent the leading manufacturers in the Marine equipment industry. If you can't locate the Marine Equipment you need, call us and we will find it for you.

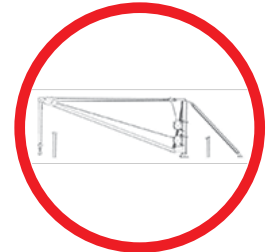

Bitts

Capstans

Chocks

Custom Products

Doors

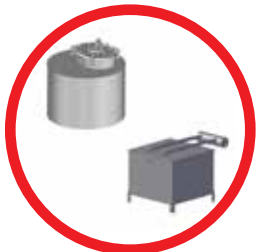

Hatches

Keels

Mooring Lines

Specialty

Support

Winches

Winche Lines

MATERIAL HANDLING

LIFT IT – HOIST IT – POSITION IT – TURN IT – MOVE IT – CONTROL IT

Whatever 'It' is, we have the material handling tools & equipment to get the job done the right way, the first time. We represent the leading manufacturers in the material handling industry. If you can't locate the tool or equipment you need, call us and we will find it for you.

Pallet Trucks

Roust-A-Bouts

Fork Truck Attachments

Drum Handling Equipment

MECHANICAL JACKS & TOOLS

JACK IT – MOVE IT – LIFT IT – PUSH IT – HOLD IT – SPREAD IT

Whatever 'It' is, we have the mechanical jacks and tools to get the job done the right way, the first time. We represent the leading manufacturers in the mechanical jack industry. If you can't locate the tool you need, call us and we will find it for you.

Ratchet Jacks

Reel Jacks

Screw Jacks

Spreader & Planer Jacks

Steamboat Jacks

Super Jacks

Acuators

Trench Jacks

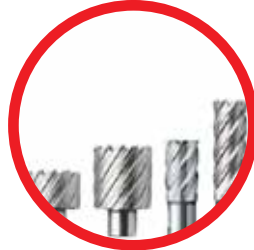

METALWORKING TOOLS

**DRILL IT – GRIND IT – PUNCH IT – SHEAR IT – CUT IT – REAM IT –
POLISH IT – SLIT IT – NIBBLE IT – TAP IT**

Whatever 'It' is, we have the metal working tools to get the job done the right way, the first time. We represent the leading manufacturers in the industry. If you can't locate the tool you need, call us and we will find it for you.

Abrasives

Annular Cutters

Battery Mag Drills

Carbide Burs

**Cutting Tool Oil &
Lubricants**

**Electric Grinders &
Accessories**

Electric Mag Drills

Hydraulic Mag Drills

**Hydraulic Punches &
Accessories**

**Metalworking Saws &
Blades**

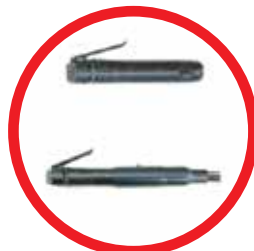

Nibblers & Accessories

Pneumatic Mag Drills

Reamers

**Weld Flux/Needle
Scalers & Accessories**

**Pneumatic Deck
Scaling Hammers**

Pipe Beveling Machines

NON-SPARKING & ATEX CERTIFIED TOOLS

NON-SPARKING – NON-MAGNETIC SAFETY TOOLS – ATEX POWER TOOLS

Whatever 'It' is, We offer a range of safety tools specifically engineered and manufactured for use in hazardous areas and Ex Zones. Our line of non-sparking, non-magnetic safety tools are available in: Two alloys – Aluminum Bronze (AlBr) & Copper Beryllium (CuBe). Our AlBr safety tools and CuBe safety tools include. We also offer ATEX Certified air and hydraulic power tools and other safety equipment for use in hazardous environments and Ex Zones. Our high quality safety power tools are ideal for anything from construction to underground mining, while following all of the ATEX certifications.

Striking Tools

Tightening Tools

Cutting Tools

Utility Tools

Drive Units

Rotary Drills

Corner Drills

Fans

Scalers

Hacksaws

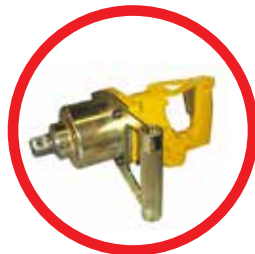

Reciprocating Saws

Scalers

Nut Runners

Impact Wrenches

Mag Drills

Pipe Cutting Machines

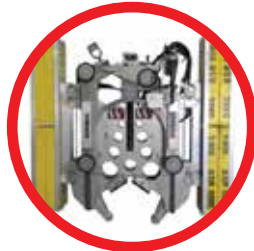

PORTABLE MACHINING TOOLS

CUT IT – BEVEL IT – DRILL IT – TAP IT – FACE IT – MILL IT – BORE IT

Whatever 'It' is, we have the Machining Tool to get the job done. Decades of engineering know-how combined with a continuing drive to innovate has resulted in a wide range of world-class portable machining products. Each one robust enough to handle the toughest of on-site machining challenges. Flange Facing Tools, Clamshells, Linear Milling Machines, Drilling and Tapping Machines, Orbital Milling Machines, Line Boring Machines, Decommissioning Saws and Hot Tapping Machines.

**Clamshell Pipe Cutting
& Beveling Machines**

**Decommissioning
Saws**

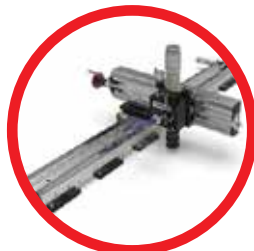

**Drilling & Tapping
Machines**

**Flange Facing
Machines**

**Hot Tapping & Line
Stopping Machines**

Linear Milling Machines

**Orbital Milling
Machines**

**Portable Boring
Machines**

RAIL EQUIPMENT

**LIFT IT – PULL IT – JACK IT – DRILL IT – GRIND IT – CUT IT
REPLACE IT – REPAIR IT – MOVE IT – PUSH IT**

Whatever 'It' is, we have the Rail Tools & Equipment to get the job done the right way, the first time. We represent the leading manufacturers in the rail products industry. If you can't locate the tool you need, call us and we will find it for you.

**A-Series Mechanical
Track Jacks**

Hydraulic Rail Pullers

**Hydraulic Wheel Truck
Jacks**

Mechanical Rail Pullers

**POW'R Claw®
Hydraulic Track Jacks**

**POW'R Riser®
Accessories**

POW'R Risers® Air

POW'R Risers® Electric

**Safe-D-Lock® & Power
Drive**

Rail Drills

Rail Saws

Grinders

We provide additional testing and certification services on Rail Products. For further information on your specific need please contact us today.

RIGGING

**RIG IT – LIFT IT – HOIST IT – PULL IT – CLAMP IT – CHOKE IT – BASKET IT
SECURE IT – TIE IT – PUSH IT –HOOK IT –WINCH IT –BOLT IT**

Whatever 'It' is, we have the rigging tools to get the job done the right way, the first time. We represent the leading manufacturers in the rigging industry. If you can't locate the tool you need, call us and we will find it for you.

WE REPAIR & SERVICE TOOLS & EQUIPMENT

"After the sale, it's the service that counts."

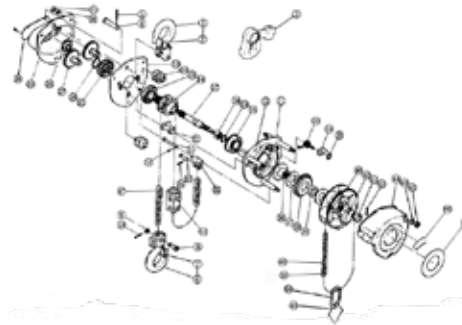

You make your living with tools and equipment. Breakdowns are an inconvenience, and quite often very costly due to down-time. We understand that you want it back quickly, and repaired properly. With our convenient drop-off, or pickup and delivery service, we can accommodate your schedule, and turn it around fast.

We have the resources and factory trained technicians to repair any tool, of any make or model, from any manufacturer, with only one stipulation: that parts are still available for that given tool.

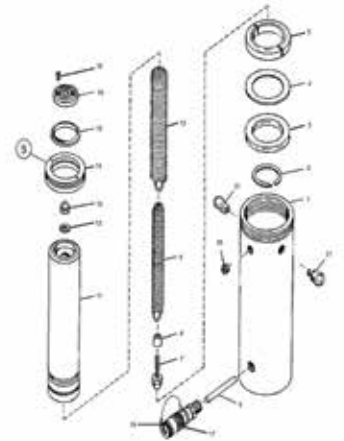

AIR TOOLS

HOISTS

CYLINDERS

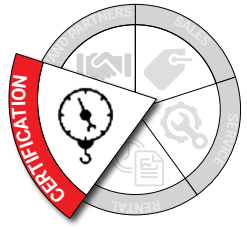

We will perform a comprehensive analysis of your tool, using factory provided tear-down schematics, and provide you with a cost estimate before starting any work. As part of the estimate, we will provide you with not only the cost of the repair, but also the cost of replacement (new), enabling you to make an informed decision on whether to repair or replace. We will do whatever it takes to meet your needs for quality service and quick turnaround time.

- Repair of any make, model, or tool manufacturer
- Any small tool repair, from the most basic to the most complex
- We use only OEM factory parts in all of our repairs
- Repairs performed by top service technicians
- Up-front quotes on all repair costs
- No work will ever be done without your authorization
- 90 day warranty on repairs made unless caused by customer abuse
- Quality work and quick turnaround
- Convenient Pickup and Delivery Service
- Return of replaced parts, at your request, for your verification

Note: We do not service, nor do we sell, cheap imported "throw-away" tools or equipment.

INSPECTIONS & CERTIFICATIONS

ON-SITE INSPECTIONS:

REQUIREMENTS FOR A THOROUGH INSPECTION

When it comes to having your equipment inspected are you asking the right questions? ***Inspection on all of your rigging and lifting devices are required once a year at the minimum.*** The lowest bidder may not always be the best or most competent choice. You should ensure that your inspector has been trained and has the knowledge necessary to provide you with a thorough inspection. He or she should be certified in Non Destructive Testing (NDT) by a credible institution. While anyone can take a short certification class or seminar, there is no substitute for field experience.

Chicago Jack Service will provide you with the copies of your inspection report and answer any questions you may have regarding the condition and safety of your equipment.

CHICAGO JACK PROVIDES:

VISUAL INSPECTION

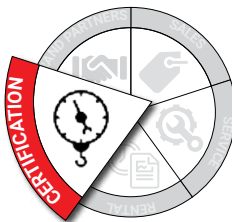

Alloy Chain Slings
Synthetic Slings
Wire Rope Slings
Wire Mesh Slings
Chain Mesh Slings
Jib Cranes & Hoists
Special Lifting Devices

MAGNETIC PARTICLE

Crane Hooks

Personnel Training

TESSALink helps you do more, work smarter and improve safety. Bolstered with lifting industry content, forms and templates, your team can transition to a digital tracking solution in no time.

IDENTIFY

Leverage RFID for accurate, immediate identification.

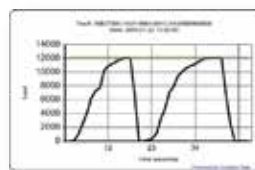

INSPECT

Mobile apps with industry prefill forms drive more inspections in less time.

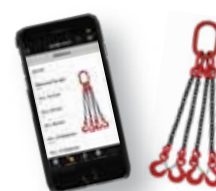

PULL TEST

Build test cert & perform digital tests in one step. Upload certs to the cloud.

REORDER

Request from smartphone asset specifics, quantity, timing & location.

SHARE

Distributors & end users help input asset detail into ecosystem database. Industry content.

SCHEDULE

Multiple tasks per asset on a calendar or condition. Email overdue alerts to designated user teams.

REPORT & SCHEDULE

By inspection, failure or repairs. Customize by product class or audience. Schedule tasks to asset by date or condition. Email alerts to user teams.

PREDICT

Lifespan analysis, brand comparison, inventory & failure prevention.

RENTAL

RENT IT – USE IT – RETURN IT

We offer a wide range of rental tools depending on your specific need. Each of our pieces of equipment can be rented individually or in sets. Below you will find some of the many tools that we rent and a suggested package for various projects. If you are ready to rent or have any questions regarding our rental fleet of tools please call us today. We will be happy to assist you.
