

AC power supply solution for working vehicles, to operate various tools including compressors, welding machines, avy-duty tools

Quiet

M-SQ PRO

Nominal voltage
frequency (single-phase): 230 VAC | 50 Hz

Nominal voltage
frequency (three-phase): 230/400 VAC | 50
Hz

Portable

Piccolo

1 Phase | 230 VAC | 50Hz

Split phase | 120/240 VAC | 60Hz

Reliable

ATLAS GO

Ready-to-use power pack,
complete with radiator, exhaust
system, diesel fuel tank and
dashboard. Operating speed 1500
rpm, single phase output 230 V 50
Hz, or 3 x 400 VAC, 50 Hz. 10 kVA
power. Medium duty power
solution.
