OCN Maritime Solutions (trading name of Oceanquímica S.A.), founded by Luis A. Gómez Bretón, Merchant Engineer, is a leading national manufacturer of chemical solutions and a trusted technical supplier serving both deck and engine departments.

With extensive expertise as technical ship chandlers, we import critical items and maintain a wide range of ship stores in stock, ready for immediate delivery. We understand that timely deliveries and high-quality products are essential for our customers, and our competitive pricing ensures real value for every client.
