

NORMANN

# ABOUT US

Founded in 1995, Normann Srl has amassed over 30 years of deep expertise in the cold chain field.

The company specializes in the **development of blast chillers** for the horeca business, and provision of a comprehensive supply **of spare parts and components** for various kitchen appliances across both the **naval** and **horeca** industries.

With its extensive knowledge and focus on innovative cooling solutions, Normann delivers **high-quality and durable products** and offers **deep support** to the customer for always understanding what is needed.
