Choose Qlight!

As equipment and industrial processes become more automated and diversified, the demand for a diverse portfolio of products and focused expertise in the field of signaling devices has grown dramatically.

Qlight strives to be the most suitable company who serves state of the art signaling devices by development of core technologies to perform industrial efficiency based on excellent quality with the latest technology.

Innovation in Alarm & Signal Qlight's Vision

Qlight has been striving to accomplish its mission to provide visual and audible status indicating systems and solutions to enhance our customer's work safety and efficiency for the last three decades.

QWCD35/QWCD50

A New Concept of Using the Horn Cover as a Light Globe!

Meet **Qlight**'s new exclusive innovative LED strobe signal light and electric horn combinations! This series comes in 4 different color and two different sound type-31 built-in sound type and external sound (SD card) type.

QN/QNVS/QNHS

A variety of sound selections between warning sounds, special warning sounds, alarm sounds, melodies and voice messages to fit your sophisticated application needs. Product has multi functions of LED Steady/Flashing, strobe and simulated revolving.

Heavy Duty Signalings

Products for vessels, heavy-duty, and heavy equipment require anti-vibration, corrosion, and waterproof qualities. **Qlight**'s products are compliant with ABS, LR, CCS, KR, CE certifications, and provide excellent durability in harsh conditions.

Explosion Proof Signalings

Explosion-proof products are used in offshore plants, petrochemical plants, and gunpowder factories where lingering explosive gas/chemicals pose a higher risk for fire and explosion. **Qlight** produces products that are compliant with IECEX, ATEX, NEPSI, KGS, KOSHA standards. Based on excellent quality, it is applied to a wide range of industries and protects the safety of workers.

Limit Switches

Qlight produces waterproof, explosion-proof, and heavy-duty limit switches. Reliability in various industrial fields based on true technology. Secured. Select and install various types of actuators. It can be applied in various ways depending on the location.
