Services

Since establishment in 2017, ZHOUHAI SHIP has grown into a reliable partner specializing in ship equipment and technical support, particularly in

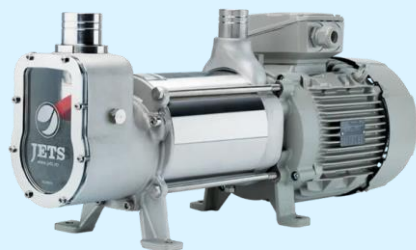

**Vacuum Technology,
Sewage Treatment System,
Oil-water Separation System.**

ZHOUHAI SHIP CO., LTD. is trusted in maritime solutions, providing innovative and high-quality services to shipowners and marine engineering firms worldwide.

Global Commercial Cooperation Network

JETS offers efficient waste management systems for various applications, including vacuum toilets with high efficiency and water conservation, known for their reliability and sustainability.

RWO's SKIT/S series oily water separators are designed to effectively separate oil from water, ensuring compliance with international discharge regulations. These compact, skid-mounted units are easy to install and maintain, offering reliable performance for marine applications. With over 14,000 units installed worldwide, RWO has established itself as a leading provider in oily water separation technology.

Blohm+Voss

Blohm+Voss, a German shipbuilding and engineering company founded in 1877, provides advanced oil-water separation technology, particularly through their **Turbulo-MPB** (Mechanical Phase Separator) oil-water separator.

Hamworthy

Vacuum Interface Valve (VIV): Reduces water usage by up to 85% and providing design flexibility with smaller, lighter piping ;
Sewage Treatment Plants (STPs): Efficient processing of black and grey wastewater streams. **Advanced Oily Water Separators:** The Solidpac module can reduce bilge water disposal volumes by up to 95%, resulting in substantial cost savings.

High-performance vacuum collection for sewage and condensation water, along with wastewater treatment systems that meet global standards. **EVAC 90, 900, and 910** vacuum toilets provide reliable, sustainable solutions for vessels.

Worldwide Service & Sales Network

We offer specialized maritime services and products sourced from renowned brands such as **Evac, Jets, VacDrain, Hamworthy, VacDrain, RWO, Hamworthy, Blohm+Voss, DVZ, and IL Seung**. Our team of seasoned engineers ensures that all solutions are reliable, cost-effective, and meet the highest industry standards.

Zhouhai's engineering excellence offers an unmatched range of service solutions. Our hands-on service engineers provide expertise to support your service and maintenance teams.

General Warranty Terms

Scope of Warranty

We ensure **materials and workmanship** are defect-free, meeting **industry standards**.

Claim Process

For warranty claims, submit a **written request within 14 days**, including **product number, issue details, and failure date**.

We are here to help! The seller may:

- (a) **Replace** the product,
- (b) **Repair** the product,
- (c) **Re-perform** the service, or
- (d) **Refund** the purchase price.

We appreciate your trust in our products and services and are always ready to assist with any concerns.
