

Engines, Motors, Generators Voltage Regulators, & Load Cells

GENERATOR ENGINES

As one of the leading engine builders in the world, (HHI) has been remarkably successful in shipbuilding since company's inception in 1972. HHI-EMD has taken up 35% of the world's market share in 2-stroke engines covering marine and stationary purposes. HHI-EMD has also developed its own engine brand HiMSEN, which is specially designed as a part of the ongoing efforts to provide the most practical and highest quality engines to our customers.

HD Hyundai Electric is a comprehensive energy solution company. They specialize in high and low voltage motors, special motors, generators, inverters, switchgear, transformers, and digital voltage regulation. ST Americas is an authorized distributor for HHI and Hyundai Electric
