We guarantee:

- Maintenance of your vessels' safety
- Improvement of operational efficiency
- Reduction of additional costs
- Peace of mind for your workforce and vessel equipment
- Preparing your vessel fit for next intended cargo
- Enhancement of your company's fleet cargo operation.
- Saving your vessel time saving your cost & achieving revenue

Standards we do

- Hospital clean
 - Grain clean
 - Normal clean
 - Shovel clean
 - Load on top
- 
- A large, solid orange triangle is positioned in the bottom right corner of the slide, pointing towards the top right. It is set against a dark blue background.

Ports we serve

SALALAH PORT – SOHAR PORT – DUQM PORT – AL FAHAL PORT -SULTAN QABOOS PORT

Solutions we offer

- On time hold cleaning service
- Standards compliance
- MARPOL compliance
- Safe operation
- Skilled Manpower
- Innovative HP Jet Machines
- Time Management
- Completion detailed report with photos
- Hold cleaning readiness certificate
- Reasonable service charge
- Our HP Jet machines offer a one-step fresh water high- pressure cleaning, replacing the traditional cumbersome four step cleaning process involving harsh and unsafe work in heights. The HP Jets brings high pressure close to the surface – providing quality cleaning in hard-to-reach areas, e.g. behind frames.

Why we use high-pressure cleaning applications

Reduced chemicals usage

- ❖ More than 300.000 tons of chemicals are released into the sea each year

Reduces

- ❖ the number of staff members involved in operations are limited

Improved safety

- ❖ No scaffolding, no rope climbing and no exposure to chemicals

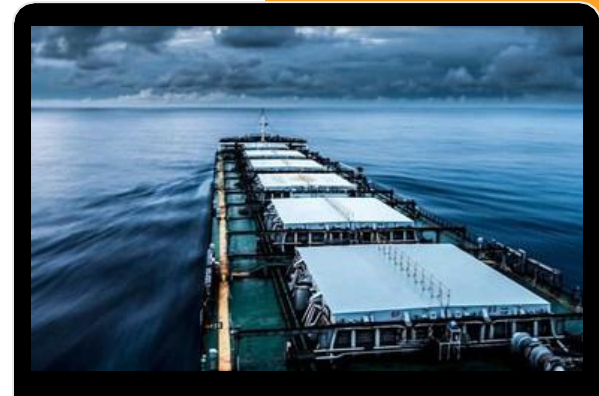

Faster operation turnaround /faster loading

- ❖ equals many saved lay days to start cleaning without ship crew involvement save owner extra cost /demurrage, etc.

Faster cleaning and cargo hold inspection pass

- ❖ On time hold cleaning operation saves time , support vessel to pass hold cleaning survey positively .
