

“Your Commitment, Our Responsibility”

Founded in 2019, **Drillwell Oceanic** began its journey specializing in offshore non-destructive testing, delivering reliable solutions to the energy sector. Over the years, we have steadily grown, adapting to the needs of our clients and expanding our scope of services.

In 2020, we ventured into commercial diving, focusing on offshore platforms in Malaysia and Indonesia. By 2021, we established a strong presence in Singapore, offering commercial diving services for vessels with our first dive boat and a dedicated team.

Our commitment to regional growth led to the formation of **PT Drillwell Oceanic Indonesia** in 2022 and 2023, cementing our operations in Southeast Asia. Looking ahead, 2024-2025 marks another milestone with the launch of our second dive boat, enabling us to meet the increasing demands of the industry while maintaining our dedication to safety, quality, and client satisfaction.

At Drillwell Oceanic, we live by our motto: **“Your Commitment, Our Responsibility.”** With a foundation built on expertise, innovation, and reliability, we continue to set new benchmarks in offshore and underwater services.

- ✓ Damage assessment survey
- ✓ Anti-fouling marine growth analysis
- ✓ Hull Cleaning & Propeller Polishing
- ✓ NZ / AUST Hull Cleaning
- ✓ Services to comply with Non-Invasive Marine Growth Management System (NIMS / IMS)
- ✓ ROV Inspection in Port
- ✓ Plugging, Blanking, Cutting/ Welding
- ✓ Installation of Cofferdam and Anodes
- ✓ Underwater Construction
- ✓ Propellers Shaft Seal Change

ACCREDITATIONS

At the heart of our commitment to excellence is adherence to globally recognized standards. Our certifications reflect our dedication to quality, safety, and environmental stewardship:

ISO 9001:2015: Ensuring robust quality management systems across all operations

ISO 45001:2018: Upholding the highest standards of occupational health and safety

In-Water Survey Accreditation: Certified by major classification societies, including ABS, DNV, LR, BV, NK, and IR, to conduct reliable and efficient in-water surveys

These certifications underscore our unwavering focus on safety, efficiency, and delivering superior services in the underwater industry.

EQUIPMENT AND BRUSHES

BRUSH CART VEHICLE

Brushes : Three counter rotational brushes (2 front & 1 rear)

Size of unit : 1.43 x 1.12 x 0.65m

Weight of vehicle in air : 180kg

Weight in water : Neutrally buoyant

Cleaning speed : 33m²/min

Cleaning capacity : 1980m²/hr

Cleaning Width : 1.43m

Cleaning Footprint : 1.6m²

Brush rotational speed : up to 1,500 rpm

Power Supply : Electrical power pack

PROPELLER POLISHING HAND TOOL

Size of motor : 19 cc

Speed : 1,500 ~ 2,000 rpm

Working pressure : 1,800 ~ 2,000 psi

Flow rate : 27.3lpm

Dry weight : 6.65 kg

Wet weight : 4.66 kg

PROPELLER POLISHING COARSE PADS

For removing marine fouling and polishing to approx. 2 microns CLA equivalent to grade A on rupert scale.

POLYESTER BRISTLE BRUSH (LIGHT DUTY)

6 Rows of soft plastic bristle.

Suitable for removing light to medium slime, weed and algae.

POLYESTER BRISTLE BRUSH (HEAVY DUTY)

7 Rows hard plastic bristle.

Suitable for removing heavy slime, weed and algae

TWISTED WIRED WITH POLYESTER BRISTLE BRUSH (HEAVY DUTY)

5 Rows twisted wires and hard plastic bristle.

Suitable for removing medium to heavy shell and barnacles growth

TWISTED WIRED BRUSH (HEAVY DUTY)

3 Rows twisted wires brushes.

Suitable for removing very heavy shell and barnacles growth

DRILLWELL
OCEANIC

Your Underwater Partner in Singapore

At **Drillwell Oceanic**, we specialize in class-approved and ISO-certified underwater

services tailored for Singapore's maritime and offshore industries. Our expert team delivers reliable solutions, including commercial diving, vessel inspections, and underwater maintenance, ensuring your assets remain safe, compliant, and operational.

With a strong presence in Singapore since 2019, we combine

advanced technology and skilled professionals to meet the unique challenges of underwater operations efficiently and effectively.
